IN termen van Artikel VII. van Wet 40 van 1895, wordt hiermede kennis gegeven voor algemeene informatie dat de ondergenoemde plaatsen gelegen in de Afdeeling Robertson, open zullen wezen voor uitzoeking van en na Zaterdag, den 10den dag van November 1906, op de wijze en bepalingen vervat in de gezegde Wet 40 van 1895, en hieronder voortgezet:—

1. Ieder aanzoek voor zulk land zal schriftelijk moeten gedaan worden, aan den Civielen Commissaris van de Divisie in welke zulk land gelegen is, die daarop zal noteren den dag waarop zulk aanzoek door hem ontvangen werd, en ze dan aan den Minister toezenden.

2. Voor het doel van deze Wet, zullen twee of meer aanzoeken ontvangen voor hetzelfde land op dezelfden dag na den datum vastgesteld in de kennisgeving genomen worden als te gelijkertijd gedaan, en alle aanzoeken gedaan voor den datum vastgesteld in de kennisgeving zullen behandeld worden alsof zij gedaan werden op den datum alzoo vastgesteld.

3. De Minister zal de landen voor welk alzoo aanzoek gedaan is allotteeren volgens de prioriteit van aanzoek, tenzij dat er twee of meer aanzoeken gedaan werden te gelijker tijd voor het zelfde land, dan zal het recht van prioriteit bepaald worden door loten.

4. Ieder aanzoeker voor land onder de provisies van deze Wet zal een declaratie maken, en dezelve bij zijn aanzoek voegen ten volgende effekte:—

Ik [A.B.] (voeg in occupatie), wonende te .....
in het Distrikt van ....., verklaar hiermede plechtiglijk en oprechtelijk dat ik een en twintig jaren oud ben en boven, dat ik deze tegenwoordige aanzoek doe voor geheel mijn eigen gebruik en voorrecht, en niet direkt of indirekt "voor het gebruik of voorrecht van eenig ander persoon hoegenaamd, dat ik niet de eigenaar ben van eenig land, dat ik geen schikking of toestemming gemaakt heb om eenig ander persoon te doen verkrijgen door kooping of anderszins, het land in verband met welke deze mijne aanzoek gemaakt is."

Onderteekening van Applikant.

[A.B.]

Verklaard voor mij, te ..... heden ..... dag van ..... 190.....

[C.D.]
Vrederechter.

5. Ieder applikant op den tijd wanneer aanzoek gedaan wordt zal bij den Civielen Commissaris van de Divisie in welke zulk land gelegen is deponeeren een somma gelijkstaande aan de een-twintigste deel der waarde van zoodanig land, en van de landmeting en andere onkosten in verband daarmede, en in geval dat hij verzuimt of weigert om het land te nemen, indien aan hen bedeelt, waarvoor aanzoek gedaan werd, zal de geheele somma absoluut verbeurd worden aan het Gouvernement: Tenzij dat in geval, het land waarvoor aanzoek gedaan is niet aan hem bedeeld wordt, het geld door hem gedeponeerd dadelijk terug zal betaald worden.

6. Aan eenig persoon die mondig is, kan land worden geallotteerd onder de provisies van deze Wet, maar geen persoon die de geregistreerde eigenaar is van eenig land binnen de Kolonie, en geen persoon die overeenkomst gemaakt heeft om eenig ander persoon toe te laten om te verkrijgen door kooping of anderszins, het land aldus voor aanzoek gedaan, zal het land bedeeld worden, en geen persoon mag meer dan een deel ontvangen volgens de kracht van uitzoeking onder deze Wet.

7. De Minister zal aan den eersten aanzoeker die voldaan zal hebben aan de bepaalde condities voor eenig land onder deze Wet, of in geval van twee of meer aanzoekingen voor hetzelfde land aan den aanzoeker bepaald door lot, een licentie geven om het land te houden voor welk aanzoek gedaan werd op de volgende voorwaarden en condities:—

(*a*) De licentie zal wezen voor vijf jaren, berekend van den aanstaanden eersten Juli, of eersten Januari volgende den datum van licentie, en zal insluiten het tijdperk tusschen den datum van licentie en zulk dag.

(*b*) De jaarlijksche betaling voor zoodanige licentie zal gelijkstaande wezen aan een-twintigste de prijs vastgesteld voor het land alzoo gehouden, tezamen met een-twintigste van de opmeting en andere onkosten op zoodanig land, en zal vooruit betaalbaar wezen.

(*c*) Het deposit betaald op den tijd van aanzoek zal in betaling wezen voor het bedrag betaalbaar op den aanstaanden eersten dag van Januari of Juli, zooals het geval is.

(*d*) Den persoon aan wien zulk licentie uitgereikt is zal, binnen zes maanden van de uitreiking van zijn Licentie, persoonlijk het land bewonen aan hem bedeeld en zal op zoodanig land blijven, voor een tijdperk van vijf jaren behalve als hierna bepaald of totdat hij een grondbrief ontvangen zal hebben voor zoodanig land.

8. Geen land gehouden onder de provisies van deze Wet mag worden getransporteerd gedurende den loop van de licentie genoemd in de clausule voorafgaand.

9. In geval van eenig verzuim gedurende den duur van de licentie om te voldoen aan de condities van occupatie, kan de Minister de licentie verklaren als geheel en al verbeurd, en het land in verband voor welk de licentie uitgereikt is zal naar het Gouvernement terug vallen: Mits dat indien het bewezen is geworden naar de voldoening van den Minister dat het verzuim om te bewonen werd veroorzaakt door droogte, mag hij zulk verzuim verontschuldigen maar zulke verontschuldiging zal niet gegeven worden voor een tijdperk van meer dan twaalf maanden, tenzij zulk droogte aanhoudt voor een langer tijdperk.

10. Op het einde van de vijf jaren voor welke eenig licentie gegeven is, en indien de Minister tevreden is dat de condities daarin vervat behoorlijk zijn volbracht, zal hij laten uitreiken aan de licentiehouder een schenking op het land gehouden en bewoond door hem op erfpacht tenure, onderworpen aan de condities vermeld in Sectie V. van Wet 15 van 1887, onderworpen aan betaling van vijftien jaarlijksche paaimenten, elk van het bedrag van een twintigste van de waarde van het land, tezamen met de waarde van de landmeting en andere onkosten die een eerste last zullen wezen op zulk land, en verzekerd worden door een verband ten gunste van het Gouvernement: Tenzij dat in geval het bewezen is geworden tot bevrediging van den Minister, die certificaten zal noodig hebben te dien effekte, dat de licentie houder na twee jaren van occupatie permanente verbeteringen gemaakt heeft op het land bewoond door hem onder zoodanige licentie ten minste van gelijke waarde van genoemde land, de Minister dan aan hem mag uitreiken een grondbrief op het land gehouden of bewoond door hem, onderworpen aan de betaling van zoo vele jaarlijksche paaimenten van een twintigste van de waarde van het land, tezamen met de waarde van de opmeting en andere onkosten, die zullen, tezamen met jaarlijksche paaimenten betaald door hem, in verband van de licentie van genoemde grond, de geheele waarde opmaken, en zulk jaarlijksche verschuldigde paaimenten zullen vast gezet worden door verband.

11. Indien eenig paaiment niet betaald zal wezen binnen drie maanden van den datum op welk het schuldig en betaalbaar is, zal een additioneele somma gelijkstaande aan een vierde deel daarvan bijgeteld worden als een boete, en zal, tezamen met het onbetaalde paaiment, inbaar wezen door gerechtelijke vervolging van het Gouvernement in eenig bevoegd Gerechtshof.

Deze plaatsen zullen geallotteerd worden op voorwaarde dat de Gelicenticerde niet vergund is gedurende den duur van zijne Licentie, eenig bosch hout of palen groeiende op het land te hakken of te vernielen, behalve zooveel als redelijk noodig is voor eigen gebruik, en voor de voordeelige occupatie van het land, doch niet om te verkoopen.

De Teekeningen en Licentie Akten kunnen gezien worden ten kantore van den Civielen Commissaris van Robertson, en ten kantore van den Landmeter-Generaal, Kaapstad.

IN termen van Artikel VII. van Wet 40 van 1895, wordt hiermede kennis gegeven voor algemeene informatie dat de ondergenoemde plaatsen gelegen in de Afdeelingen Kenhardt en Clanwilliam respektievelijk open zullen wezen voor uitzoeking van en na Zaterdag, den 10den dag van November 1906, op de wijze en bepalingen vervat in de gezegde Wet 40 van 1995, en hieronder voortgezet :—

1. Ieder aanzoek voor zulk land zal schriftelijk moeten gedaan worden, aan den Civielen Commissaris van de Divisie in welke zulk land gelegen is, die daarop zal noteren den dag waarop zulk aanzoek door hem ontvangen werd, en ze dan aan den Minister toezenden.

2. Voor het doel van deze Wet, zullen twee of meer aanzoeken ontvangen voor hetzelfde land op dezelfden dag na den datum vastgesteld in de kennisgeving genomen worden als te gelijkertijd gedaan, en alle aanzoeken gedaan voor den datum vastgesteld in de kennisgeving zullen behandeld worden alsof zij gedaan werden op den datum alzoo vastgesteld.

3. De Minister zal de landen voor welk alzoo aanzoek gedaan is allotteeren volgens de prioriteit van aanzoek, tenzij dat er twee of meer aanzoeken gedaan werden te gelijker tijd voor het zelfde land, dan zal het recht van prioriteit bepaald worden door loten.

4. Ieder aanzoeker voor land onder de provisies van deze Wet zal een declaratie maken, en dezelve bij zijn aanzoek voegen ten volgende effekte :—

> Ik [A.B.] (voeg in occupatie), wonende te ..... in het Distrikt van ....., verklaar hiermede plechtiglijk en oprechtelijk dat ik een en twintig jaren oud ben en boven, dat ik deze tegenwoordige aanzoek doe voor geheel mijn eigen gebruik en voorecht, en niet direkt of indirekt "voor het gebruik of voorrecht van eenig ander persoon hoegenaamd, dat ik niet de eigenaar ben van eenig land, dat ik geen schikking of toesemming gemaakt heb om eenig ander persoon te doen verkrijgen door kooping of anderszins, het land in verband met welke deze mijne aanzoek gemaakt is."
>
> Onderteekening van Applikant.
> [A.B.]
>
> Verklaard voor mij, te ..... heden ..... dag van ..... 190 .....
>
> [C.D.]
> Vrederechter.

5. Ieder applikant op den tijd wanneer aanzoek gedaan wordt zal bij den Civielen Commissaris van de Divisie in welke zulk land gelegen is deponeeren een somma gelijkstaande aan de een-twintigste deel der waarde van zoodanig land, en van de landmeting en andere onkosten in verband daarmede, en in geval dat hij verzuimt of weigert om het land te nemen, indien aan hen bedeelt, waarvoor aanzoek gedaan werd, zal de geheele somma absoluut verbeurd worden aan het Gouvernement : Tenzij dat in geval, het land waarvoor aanzoek gedaan is niet aan hem bedeeld wordt, het geld door hem gedeponeerd dadelijk terug zal beaald worden.

6. Aan eenig persoon die mondig is, kan land worden geallotteerd onder de provisies van deze Wet, maar geen persoon die de geregistreerde eigenaar is van eenig land binnen de Kolonie, en geen persoon die overeenkomst gemaakt heeft om eenig ander persoon toe te laten om te verkrijgen door kooping of anderszins, het land aldus voor aanzoek gedaan, zal het land bedeeld worden, en geen persoon mag meer dan een deel ontvangen volgens de kracht van uitzoeking onder deze Wet.

7. De Minister zal aan den eersten aanzoeker die voldaan zal hebben aan de bepaalde condities voor eenig land onder deze Wet, of in geval van twee of meer aanzoekingen voor hetzelfde land aan den aanzoeker bepaald door lot, een licentie geven om het land te houden voor welk aanzoek gedaan werd op de volgende voorwaarden en condities :—

(*a*) De licentie zal wezen voor vijf jaren, berekend van den aanstaanden eersten Juli, of eersten Januari volgende den datum van licentie, en zal insluiten het tijdperk tusschen den datum van licentie en zulk dag.

(*b*) De jaarlijksche betaling voor zoodanige licentie zal gelijkstaande wezen aan een-twintigste de prijs vastgesteld voor het land alzoo gehouden, tezamen met een-twintigste van de opmeting en andere onkosten op zoodanig land, en zal vooruit betaalbaar wezen.

(*c*) Het deposit betaald op den tijd van aanzoek zal in betaling wezen voor het bedrag betaalbaar op den aanstaanden eersten dag van Januari of Juli, zooals het geval is.

(*d*) Den persoon aan wien licentie uitgereikt is zal, binnen zes maanden van de uitreiking van zijn Licentie, persoonlijk het land bewonen aan hem bedeeld en zal op zoodanig land blijven, voor een tijdperk van vijf jaren behalve als hierna bepaald of totdat hij een grondbrief ontvangen zal hebben voor zoodanig land.

8. Geen land gehouden onder de provisies van deze Wet mag worden getransporteerd gedurende den loop van de licentie genoemd in de clausule vooratgaand.

9. In geval van eenig verzuim gedurende den duur van de licentie om te voldoen aan de condities van occupatie, kan de Minister de licentie verklaren als geheel en al verbeurd, en het land in verband voor welke de licentie uitgereikt is zal naar het Gouvernment terug vallen : Mits dat indien het bewezen is geworden naar de voldoening van den Minister dat het verzuim om te bewonen werd veroorzaakt door droogte, mag hij zulk verzuim verontschuldigen maar zulke verontschuldiging zal niet gegeven worden voor een tijdperk van meer den twaalf maanden, tenzij zulk droogte aanhoudt voor een langer tijdperk.

10. Op het einde van de vijf jaren voor welke eenig licentie gegeven is, en indien de Minister tevreden is dat de condities daarin vervat behoorlijk zijn volbracht, zal hij laten uitreiken aan de licentiehouder een schenking op het land gehouden en bewoond door hem op erfpacht tenure, onderworpen aan de condities vermeld in Sectie V. van Wet 15 van 1887, onderworpen aan betaling van vijftien jaarlijksche paaimenten, elk van het bedrag van een twintigste van de waarde van het land, tezamen met de waarde van de landmeting en andere onkosten die een eerste last zullen wezen op zulk land, en verzekerd worden door een verband ten gunste van het Gouvernement : Tenzij dat in geval het bewezen is geworden tot bevrediging van den Minister, die certificaten zal noodig hebben te dien effekte, dat de licentie houder na twee jaren van occupatie permanente verbeteringen gemaakt heeft op het land bewoond door hem onder zoodanige licentie ten minste van gelijke waarde van genoemde land, de Minister dan aan hem mag uitreiken een grondbrief op het land gehouden of bewoond door hem, onderworpen aan de betaling van zoo vele jaarlijksche paaimenten van een twintigste van de waarde van het land, tezamen met de waarde van de opmeting en andere onkosten, die zullen, tezamen met jaarlijksche paaimenten betaald door hem, in verband van de licentie van genoemde grond, de geheele waarde opmaken, en zulk jaarlijksche verschuldigde paaimenten zullen vast gezet worden door verband.

11. Indien eenig paaiment niet betaald zal wezen binnen drie maanden van den datum op welk het schuldig en betaalbaar is, zal een additioneele somma gelijkstaande aan een vierde deel daarvan bijgeteld worden als een boete, en zal, tezamen met het onbetaalde paaiment, inbaar wezen door gerechtelijke vervolging van het Gouvernement in eenig bevoegd Gerechtshof.

Deze plaatsen zullen geallotteerd worden op voorwaarde dat de Gelicentieerde niet vergund is gedurende den duur van zijne Licentie, eenig bosch hout of palen groeiende op het land te hakken of te vernielen, behalve zooveel als redelijk noodig is voor eigen gebruik, en voor de voordeelige occupatie van het land, doch niet om te verkoopen.

De Teekeningen en Licentie Akten kunnen gezien worden ten kantore van de Civiele Commissarissen en ten kantore van den Landmeter-Generaal, Kaapstad.

Alle navragen om inlichting moeten geadresseerd worden aan den Landmeter-Generaal of aan de respektievelijke Civiele Commissarissen.

At Lusikisiki, in Eastern Pondoland, on Monday, 8th October, 1906.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

(i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

(ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.

Kaapstad, 27 Juli 1906.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887, zooals geamendeerd door artikels IV., V., en VI., van Wet No. 40 van 1895, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Erven bij publieke veiling te koop aangeboden zullen worden om 10 uur v.m., voor de Kantoren van de respektievelijke Resident Magistraten op de datums vermeld, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en de algemeene koop-condities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Te Tsomo, Transkei, op Zaterdag, 6 October 1906.

Te Mquanduli, in Tembuland, op Zaterdag, 6 October 1906.

Te Lusikisiki, in Oost Pondoland, op Maandag, 8 October 1906.

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogst e bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Mit dien verstande:

(i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.

(ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.

(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk perceel en van den Grondbrief, nam., 12s. 3d., zullen aan den Resident Magistraat of andere ten dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

Indien de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent. per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van den datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder b evoegd gerechtshof zonder verdere kennisgeving opgevorde rd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geene waard e worden, en reeds gedane betalingn zullen aan de Regeering vervallen.

HIS Excellency the Governor, with the advice of the Executive Council, has, under the authority of the Post Office Act of 1882, and in accordance with the Post Office Act Amendment Act of 1905, been pleased to make the regulations contained in the Schedule A. hereto, and to fix the charges which shall be leviable in respect of Money Orders as specified in the Schedule B. hereto.

The following are hereby proclaimed as the Money Order Regulations :-

1. In these regulations unless the context otherwise indicates the following expressions shall have the meanings assigned to them :—

"Postmaster-General" means the Postmaster-General for the time being.

"Postmaster" means any Officer appointed by the Postmaster-General to issue or pay Money Orders or to superintend the execution of these regulations.

"Remitter" means any person or persons by whom application shall be made for a Money Order or to whom a Money Order shall have been issued.

"Payee" means any person or persons to whom a Money Order shall be payable.

"Prescribed" means prescribed by the Governor or the Postmaster-General.

2. Money Orders shall be issued and paid at such Offices and during such hours as may from time to time be prescribed and the Postmaster-General may appoint such of his officers as he may think fit to issue and pay Money Orders and to superintend the execution of these regulations.

Similarly a Money Order after having been properly receipted may be sent by the payee through any Deputy-Postmaster or Post Office Agent to the Money Order Office at which such Order may be payable, and the Postmaster at such Office shall forward the amount of the Order to the payee. In all such cases the letters containing the money shall be transmitted from or to the remitter or payee, as the case may be, by registered post free of charge.

4. Money Orders may be issued for payment in any Country with which arrangements have been made by Convention for the direct exchange of Money Orders or in any other country through the intermediary of a country with which a Money Order Convention exists. And similarly Money Orders issued in such countries for payment in the Cape Colony, may be paid at the Money Order Offices specified in such Orders.

5. The rates of commission which shall be charged for the issue of Money Orders, and any other charges leviable under these regulations shall be those fixed from time to time by the Governor and published in the *Gazette*.

A further commission at such rate as may from time to time be notified by the intermediate country may be levied upon Money Orders issued for payment in a country with which arrangements do not exist for a direct exchange of Money Orders, which commission may be deducted by such intermediate country from the amount of any such Orders.

10. Any Money Order once issued shall not be cancelled. A Money Order may, however, be repaid to the remitter or payment thereof transferred from one Office to another in the Cape Colony in which case application for repayment of transfer shall be made by the remitter through the Postmaster of the Office of issue of the Order or by the payee direct to the Postmaster of the Office at which the Order is payable and such Postmaster shall issue a new Order payable at the Money Order Office at which payment is requested for the amount of the original Order less the amount of a further commission equal to that which would be payable were the money being remitted for the first time. In the case of Money Orders issued in the Cape Colony and payable in another country the repayment of which is desired, application for repayment shall be made by the Remitter to the Controller of the Money Order Office, Cape Town, who shall seek the authority of the country in which the Order was made payable for repayment to be made to the applicant. In all cases the application shall specify the date of issue the amount of the Order the offices at which it was issued and payable and the names of the payee and remitter as stated in the Postmaster's Advice.

11. Such alteration may in the case of a Money Order issued for payment within South Africa be made by telegraph upon payment of such further charge as may be prescribed.

12. The remitter of a Money Order shall have full control over the money represented thereby until the Order shall have actually been paid and shall have the power to stop payment of the amount thereof, upon payment of the prescribed fee and upon application to the Postmaster of the Office at which the Money Order is payable in the Cape Colony or in the case of an Order payable outside the Cape Colony to the Controller of the Money Order Office, Cape Town. Nevertheless the Postmaster-General may at his discretion authorise the payment of a Money Order purporting to be signed by the payee but in a form differing from the name of the payee as given in the advice. If the Order shall have been signed otherwise than in the presence of the Postmaster he may require the person presenting the Order to sign his name again upon the Order in his presence.

17. Any Money Order presented for payment in a mutilated or defaced condition or bearing signs of any erasure or alteration having been made therein may be refused payment.

18. Any Money Order in connection with which the requirements of these regulations shall have been properly complied with shall be paid upon receipt of the official advice by the Postmaster and presentation of the Order unless the officer to whom it is presented has good reason for believing that the applicant is not properly entitled to receive the money.

19. *Bona-fide* payment of the amount of a Money Order to whomsoever made shall discharge the Government and the Postmaster-General from all liability whatsoever in respect of such Order notwithstanding any forgery, fraud, mistake, loss or delay which may have been committed or have occurred in reference to such Order or to the procuring thereof or to obtaining the payment thereof.

22. Application for repayment to the remitter of a Telegraphic Money Order issued and payable within the Cape Colony or for transfer of payment thereof from one Office to another may be made by telegraph through the Postmaster of any Telegraphic Money Order Office upon payment of the prescribed fee. Should it be desired that repayment or transfer of payment be effected by Telegraphic Money Order a further commission equal to the original commission in addition to the prescribed telegraphic fee shall be deducted by the transferring Office from the amount of such Order. If it be desired that repayment or transfer of payment be made by post a fresh commission at the rate for an ordinary Money Order only shall be deducted.

Application for repayment or transfer of payment of a Telegraphic Money Order issued or payable outside the Cape Colony shall be made to the Controller of the Money Order Office, Cape Town.

23. If a Telegraphic Money Order remains unclaimed for four weeks after the date of issue the remitter shall be so advised by the Postmaster-General.

24. Money may be remitted by telegraph from any Telegraphic Money Order Office to Cape Town for payment by ordinary Money Order in oversea countries, provided :—

6. MINISTERIAL DIVISION OF SECRETARY FOR AGRICULTURE.

[1038.] [1906.]

Office of the Surveyor-General,
Cape Town, 14th August, 1906.

IN terms of Section 4, Act 26 of 1891, as re-enacted by Act No. 18 of 1897, it is hereby notified that the following Pieces of Crown Land, situate in the Division of Calvinia, will be offered for Lease, by Public Auction, in front of the Civil Commissioner's Office, at Calvinia, at 10 o'clock a.m., on Tuesday, the 23rd October, 1906, subject to the Conditions and Stipulations hereinafter contained, and further to such Conditions as may be declared on the day of Sale.

The Land will be let on Lease for any term not less than one year and not exceeding five years, to the highest bidder.

The following are General Conditions of all such Leases:—

1. One year's rent shall be paid to the Civil Commissioner on the day of Sale, and if the term of the Lease shall exceed one year the due payment in advance of the rent for the subsequent year or years shall be secured by approved sureties; provided that the Civil Commissioner may receive two years' rent in advance, in which case the said security shall not be required.

2. The Government reserves the right of terminating the Lease should it be thought expedient to sell the land or other circumstances render it necessary or expedient at any time, at two months' notice; and in such case the proportion of paid rent for any unexpired portion of the current year shall be refunded to the Lessee.

3. Government Land Surveyors employed in the survey of Crown or other lands with their assistants and servants, shall have the right of access at any time to any part of the land leased for professional purposes, and the right of occupying any part of the land, and grazing and watering their cattle or horses on all pastures and at all waters.

4. All roads running over the land leased may be used by the public as cattle thoroughfares (trekpaths) to the extent of 200 yards on each side of such road.

5. The public travelling shall have the right of outspanning along any road running over the land so leased.

6. The right of searching and mining for ores, metals, minerals, or precious stones, is reserved to the Government or to any person authorised by it, save in so far as such right may limit the rights and privileges of the said Lessee in respect of precious stones and minerals, in manner provided by any Act in that behalf.

7. The Government does not undertake to point out any beacons. The description of each Lot will be given on the day of Sale of the Leases, and the Lessee will thereupon be expected to find the extent leased by him.

8. The Lessee shall not be at liberty to cut down timber, trees, underwood, or brushwood, except such as shall be reasonably necessary for his own use, in and upon the land leased by him.

9. The Lessee shall not be entitled at the expiration or other termination of his Lease, to any compensation for improvements made during the term of the Lease, but they shall become the property of the Government.

10. The Lessee shall be required to keep all existing improvements on the land in good repair during the Lease, and to deliver up the same in good repair, but shall not be entitled to any compensation for the same.

11. The Lessee shall not transfer the Lease or sublet the land or any portion of it, or any buildings or erections thereon, without the written sanction of the Government first obtained.

12. The Lessee shall wholly and absolutely forfeit his Lease upon the breach of any condition binding him.

13. The Government reserves to itself the right to limit the number of persons who may reside on the land hereby leased during the subsistence of the lease, and, upon the recommendation of the Divisional Council, after due enquiry made with cognisance of the Lessee, either to remove such numbers of persons as it may consider excessive or to cancel the lease as may seem to it equitable under the circumstances.

14. The occupation of land under this Lease shall not be held to be *bona fide* occupation under the provisions and for the purposes of Section 20 of Act No. 40 of 1895.

Other conditions may be declared on the day of Sale.

[1056.] [1906.]

Landmeter-Generaals Kantoor,
Kaapstad, 14 Augustus 1906.

OVEREENKOMSTIG artikel 4, Wet 26 van 1891, als verder bekrachtigd door Wet 18 van 1897, wordt hiermede kennis gegeven dat de volgende stukken Kroonland, gelegen in de Afdeeling Calvinia, bij publieke opbod, te huur aangeboden worden zullen voor het kantoor van den Civielen Commissaris te Calvinia, om 10 uur 's voormiddags, op Dinsdag, den 23 October 1906. onderhevig aan de Voorwaarden en Bepalingen hierna te worden genoemd, en verder aan zulke condities als op den verkoopdag mogen vermeld worden.

De grond zal voor een termijn van niet minder dan een jaar en niet meer dan vijf jaren aan den hoogsten bieder verpacht worden.

De algemeene voorwaarden van de verpachting zijn als volgt:—

1. Een jaar huur zal den Civielen Commissaris op den dag der verpachting betaald worden, en als de pachttijd meer dan een jaar zal zijn, zal de gereedelijke betaling van de huursom vooruit voor het volgende jaar of de volgende jaren door goedgekeurde borgen verzekerd worden: mits echter dat de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2 De Regeering behoudt het recht de pacht te eindigen, mocht het dienstig geacht worden den grond te verkoopen of andere omstandigheden het te eeniger tijd noodig of dienstig maken, op twee maanden kennisgeving; en in zulk een geval zal de huur, betaald voor een nog niet afgeloopen deel van het loopende jaar, aan den huurder terugbetaald worden.

3. Gouvernements landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuurden grond voor professioneele doeleinden en het recht om eenig deel van het land te gebruiken en hun vee en paarden te weiden op alle weiden en water te geven uit alle waters.

4. Alle wegen over het gepachte land mogen door het publiek als vee paden (trekpaden) worden gebruikt ter breedte van 200 yards aan iederen kant van zoodanigen weg.

5. Het reizende publiek zal het recht hebben uit te spannen langs eenigen weg loopende over land aldus gepacht.

6. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden, behalve in zoo ver als zulk recht de rechten en privilegien van gezegde huurders ten opzichte van edelgesteente en delfstoffen moge beperken, als bepaald bij eenige wet te dien opzichte.

7. De Regeering neemt niet op zich eenige baken aan te wijzen. De beschrijving van het stuk grond zal op den pachtdag gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

8. De pachter heeft geen vrijheid boomen kreupel hout of rijshout te hakken of te vernietigen op het gepachte land behalve zooveel als hij redelijk noodig heeft voor eigen gebruik.

9. De huurder zal bij het vervallen of anderszins eindigen van den huur, geen aanspraak hebben op eenige vergoeding voor verbeteringen aangebracht gedurende den huurtijd, maar deze zullen het eigendom der Regeering worden.

10. De huurder zal alle bestaande verbeteringen op den grond gedurende den huurtijd in goeden staat moeten houden en die in goeden staat afleveren, maar zal niet gerechtigd zijn tot eenige vergoeding daarvoor.

11. De huurder zal den grond of eenig deel daarvan niet onder verhuren, of eenige gebouwen daarop, zonder dat eerst de schriftelijke vergunning de Regeering verkregen is.

12. De huurder zal zijn pacht geheel en volstrekt verliezen op het breken van eenige hem bindende voorwaarde.

13. De Regeering behoudt zichzelve het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om, op aanbeveling van den Civielen Commissaris na behoorlijk onderzoek ingesteld met medeweten van den huurder, hetzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

14. Het bewonen van grond onder deze huur zal niet beschouwd worden *bona-fide* occupatie te zijn onder de bepalingen en voor de doeleinden van artikel 20 van Wet No. 40 van 1895.

Andere voorwaarden mogen op den koopdag genoemd worden.

De zegels die volgens Wet 20 van 1884, aan het huur kontrakt moeten gehecht worden, zullen vrij van onkosten door de Regeering aan den huurden verschaft worden.

such means of identification or proof of his authority to receive payment of the Order as may be required by the Postmaster of the Office of payment. If the payee cannot write, his mark shall be attested by a witness in the presence of the paying officer. The signature of the payee shall correspond in every particular with the name of the payee as stated in the advice received by the paying Postmaster from the Postmaster of the Office at which the Order was issued. The payee shall also correctly state the name of the remitter of the Money Order. Nevertheless the Postmaster-General may at his discretion authorise the payment of a Money Order purporting to be signed by the payee but in a form differing from the name of the payee as given in the advice. Such signature shall in all cases be a sufficient authority to the Postmaster for the payment of the amount of the Order, and it shall not be necessary to prove that the receipt was signed by or under the authority of the payee. If the Order shall have been signed otherwise than in the presence of the Postmaster he may require the person presenting the Order to sign his name again upon the Order in his presence.

17. Any Money Order presented for payment in a mutilated or defaced condition or bearing signs of any erasure or alteration having been made therein may be refused payment.

18. Any Money Order in connection with which the requirements of these regulations shall have been properly complied with shall be paid upon receipt of the official advice by the Postmaster and presentation of the Order unless the officer to whom it is presented has good reason for believing that the applicant is not properly entitled to receive the money.

19. *Bona-fide* payment of the amount of a Money Order to whomsoever made shall discharge the Government and the Postmaster-General from all liability whatsoever in respect of such Order notwithstanding any forgery, fraud, mistake, loss or delay which may have been committed or have occurred in reference to such Order or to the procuring thereof or to obtaining the payment thereof.

20. Money may be remitted by Telegraphic Money Order between any Money Order Offices in the Cape Colony connected by telegraph or to or from any other country with which arrangements shall have been made for an exchange of Telegraphic Money Orders.

21. The commission for a Telegraphic Money Order shall be the same as for an ordinary Money Order and in addition there shall be collected from the remitter such telegraphic charges as may from time to time be prescribed

22. Application for repayment to the remitter of a Telegraphic Money Order issued and payable within the Cape Colony or for transfer of payment thereof from one Office to another may be made by telegraph through the Postmaster of any Telegraphic Money Order Office upon payment of the prescribed fee. Should it be desired that repayment or transfer of payment be effected by Telegraphic Money Order a further commission equal to the original commission in addition to the prescribed telegraphic fee shall be deducted by the transferring Office from the amount of such Order. If it be desired that repayment or transfer of payment be made by post a fresh commission at the rate for an ordinary Money Order only shall be deducted.

Application for repayment or transfer of payment of a Telegraphic Money Order issued or payable outside the Cape Colony shall be made to the Controller of the Money Order Office, Cape Town.

23. If a Telegraphic Money Order remains unclaimed for four weeks after the date of issue the remitter shall be so advised by the Postmaster-General.

24. Money may be remitted by telegraph from any Telegraphic Money Order Office to Cape Town for payment by ordinary Money Order in oversea countries, provided :—

(*a*) That the application for any such Money Order shall be made not later than the time fixed for the closing at the General Post Office, Cape Town, of the mail to the country in which such Money Order is to be paid;

(*b*) That in addition to the commission for an ordinary Money Order such charge for telegraphing the advice to Cape Town and such fee in respect of clerical services and postage as may from time to time be prescribed shall be paid by the remitter.

25. Except where otherwise indicated in these regulations Telegraphic Money Orders shall be subject to the regulations governing ordinary Money Orders.

26. A record shall be kept by the Postmaster-General for a period of not less than two years of every Money Order issued or paid under these regulations.

27. For the purpose of administering these Regulations the Postmaster-General may issue to his officers such instructions as may to him appear necessary.

28. These Regulations shall come into operation on the first day of November one thousand nine hundred and six.

3. TREASURER'S MINISTERIAL DIVISION.

TO ALL CHAMBERS OF COMMERCE AND TRADE IMPORTERS, TRADERS AND THE PUBLIC GENERALLY WHO TRANSACT BUSINESS WITH THE COLONIES AND TERRITORIES IN THE CUSTOMS UNION.

THE various Governments in the South African Customs Union have decided that on and after the 1st of January, 1907, a system of registration of the Customs Union Forms A, B, C and D shall be instituted, necessitating the discontinuance of the present forms.

The new forms will be bound in Books of 100 sets, consecutively numbered, containing either Notice and Advice or Declaration and Advice (perforated in each case) and counterfoil.

All supplies of the present forms remaining in stock on the 31st of December, 1906, should be destroyed as they will not be accepted after that date.

Under the new system, by using carbon paper the counterfoil in the Book will be an exact copy of the Notice and Advice or Declaration and Advice as the case may be, so that in the event of the forms being lost or mislaid a duplicate will be readily available; the fact of the forms being consecutively numbered will also enable them to be easily traced.

All supplies of the new forms will be drawn from the Customs Department, who will supply them at cost price to firms requiring quantities for their own use.

Resident Magistrates and Station Masters will also be in possession of a supply for the use of those who may occasionally forward goods to other Colonies in the Union.

A. H. WILSHERE.
Controller of Customs.

Custom House, Cape Town.

(i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

CONVICT REGULATIONS.

(Approved by His Excellency the Governor under Acts 23 of 1888 and 3 of 1891.)

The Superintendent of a Convict Station.

1. The Superintendent shall be responsible for every station committed to his charge, not only in respect of the discipline, management and safe custody of the convicts, but also of the interior economy and management of such station. He shall see that the regulations for the general government and management of the station are brought fully and efficiently into operation, and that the requirements of the law are duly observed.

2. He shall have complete control over all subordinate officials attached to or employed on the station, and will be held responsible for the due and proper discharge by them of their respective duties. He shall report to the Under Colonial Secretary all offences committed by any such subordinate officer. If the circumstances, in his opinion, require that summary measures shall be taken, he may suspend the official implicated from the discharge of his duties, and order his removal from the station until the Minister's decision shall be made known.

3. He shall forward to the Under Colonial Secretary with as little delay as possible, any report or complaint which any subordinate official desires to make, furnishing at the same time, for the Minister's guidance, any explanation or information he may consider necessary.

4. He shall enter in a book all orders relating to the management and discipline of the station which he may from time to time find it necessary to issue, either of his own motion or by direction of the Minister. He shall cause the same to be read and initialled by the Chief Constable and Head Overseer, and a copy thereof to be posted up for general information.

5. He shall keep a journal and such other books as may have been prescribed or may from time to time be prescribed by the Minister.

6. He shall be responsible for the safe custody of all stores, bedding, clothing and other Government property on the station. He shall exercise supervision over the issue of clothing and stores of every description in order to check undue waste and extravagance. At the same time it shall be his duty to see that the convicts are properly clad.

He shall cause stock to be taken, at the prescribed period, of all articles in store and in use, forwarding a transcript of such stock list as early as possible to the Under Colonial Secretary.

He shall hold a kit inspection of the clothing, arms, accoutrements and bedding of all subordinate officers under his command on the first Saturday (or other more convenient fixed day) of each month. All subordinate officers shall attend this parade.

7. He shall be responsible for seeing that such articles as are unserviceable are condemned by a Board of Survey, to be appointed from time to time by the Minister, and shall forward a copy of the proceedings of such Board to the Under Colonial Secretary. The articles so condemned shall not be struck off charge or treated as condemned until the Minister's authority for that course is given.

8. He shall see that all provisions supplied are of good, sound, and wholesome quality, and in accordance with the conditions of any contract under which they may be supplied. He shall, if they are in his opinion unfit for use, or if he be doubtful on the point, submit them to the inspection of the medical officer, or in his absence to that of a Board to be appointed from time to time by the Minister.

9. He shall visit the whole of the station, including the cook-house, wards, punishment cells, and hospital, at least once in 24 hours, and the subordinate officers' quarters at least once a week, to ascertain whether they are clean and tidy, and in default of such visits he shall state in his journal how far he has omitted them, and the cause of such omission. He shall at least once during the week inspect the guard, sentries, and the whole of the station at an uncertain hour of the night, which visit, with the hour and any occurrence of importance, he shall record in his journal. He shall attend at least one parade of the convicts daily, and shall hold a general parade of the officers and convicts every Sunday morning (weather permitting), at such hour (which shall be reported to the Under Colonial Secretary for record) as may be found most convenient. At this parade he shall see that every officer employed on the station, not on leave, and every convict (those who are sick and in cells excepted) is present.

12. He shall take care that every convict wishing to make a complaint to him, or to prefer a request, shall have ample facilities for so doing.

13. He shall see that convicts attend divine service on Sunday, and that constables under the immediate control of a senior subordinate officer are placed in charge to preserve order.

He shall, at uncertain dates, and at least twice a month, personally attend such divine service.

14. He shall see that the number so employed is kept at the lowest possible point, and that the selection is limited to convicts who have been exceptionally well behaved or who have been certified by the Medical Officer to be fit only for light labour.

30. He shall every day, and at such hour as may be most convenient, hear and determine all complaints and try all offenders, subject to his jurisdiction. If for any reason he is unable on any day to hear and try such cases, he shall notify the fact of such omission and the reason thereof in his journal.

In every case of contagious or infectious disease arising within the station, either in the case of an official, or of any member of his family, or of a convict, he shall forthwith report the fact specially in writing to the Superintendent, giving if possible the origin thereof. If the illness arises from a preventible cause, he shall notify the defect to the Superintendent, and make such recommendation with respect to it as he may think fit.

65. In any case of death of a resident officer or of a convict, he shall hold a *post-mortem* examination, unless the Minister permits such an examination to be dispensed with. If death was the result of disease, the origin thereof shall, if possible, be ascertained and reported. The report and the result of the examination shall in every case be transmitted by the Superintendent to the Under Colonial Secretary for the information of the Minister. 67. They shall be respectful to the authorities of other Departments of Government or of Public Bodies employed at the Public Works on which the convicts may be engaged, and shall afford all proper assistance to those with whom their duty calls upon them to co-operate; taking care in so doing not to lose sight of the rules and regulations of the service, or of the special orders they may from time to time receive from their immediate superiors in the Convict Department.

68. No subordinate officer shall converse with a convict or allow any familiarity on the part of a convict towards himself.

69. 72. They shall not allow any unauthorised person to communicate with convicts.

73. Subordinate officers shall treat convicts with humanity, but must be firm in the maintenance of order and discipline.

74. No subordinate officer shall directly or indirectly have any interest in any contract or agreement for the supply of the station; nor shall he receive, directly or indirectly, under any pretence whatsoever, any fee or gratuity or present from any contractor, or person tendering for any contract with the establishment, or from any person whatever in relation to anything connected with the service of any convict station.

75. No subordinate officer shall have any pecuniary dealing whatsoever with any convict, or employ any convict on his private account; nor shall he correspond with or hold any intercourse with the friends or relatives of any convict unless expressly directed by superior authority, nor shall he make any unauthorised communications concerning the station or convicts to any person whatsoever.

76. All subordinate officers shall be careful not to allow any convict under their charge to be employed, directly or indirectly, for the private use, benefit or advantage of any person or persons.

77. No subordinate officer shall strike a convict unless compelled to do so in self-defence. Under no pretence whatsoever shall he fail to report immediately to the Superintendent, through the proper channel, any misconduct of any convict. It shall be his duty to note any complaints a convict makes to him, reporting such complaints to the Superintendent through the proper channel.

78. No resident constable shall absent himself from the station, except on duty; subject, however, to the exigencies of the service, the Superintendent may at stations in a town grant him twenty-four hours', and at stations in the country, thirty-six hours' leave in each month. The Superintendent may by order in writing permit constables resident on the station to be absent therefrom on alternate evenings after the convicts' working hours and until such hour not being later than eleven p.m., as he may see fit. The Superintendent may by similar order permit a constable to be absent until 11.30 p.m., but such permission shall not be granted oftener than once a week.

79. No resident subordinate officer above the rank of constable, or performing clerical, store, or hospital duties, shall absent himself from the station, whether during his hours of duty or not, without the authority of the Superintendent. Absence from the station at night shall be covered by a written authority from the Superintendent; but in the cases of the Chief Constable and the Head Overseer the authority need not be in writing save for extended leave. Permission to be absent from the station at night shall ordinarily be limited to such hour, not being later than eleven p.m., as the Superintendent may seem fit, but may be extended to 11.30 p.m. once a week. Subject to the exigencies of the service, the Superintendent may grant such officers thirty-six hours leave in each month at country stations, and twenty-four hours' leave at Town Stations.

80. Subject to the requirements of the service vacation leave of fourteen days in every year may be granted by Minister on full pay to any subordinate officer who has completed two years' continuous service, provided that adequate arrangements for the performance of his duties during his absence are made without extra cost to the public.

81. Vacation leave on similar terms and conditions may be granted by the Minister for a period not exceeding three months, to any subordinate officer who shall have completed four years' service, and who shall not have availed himself of the leave referred to in the preceding section.

82. Special leave of absence may be granted by the Minister to any subordinate officer irrespective of length of service:

(*a*) In case of "serious indisposition."
(*b*) In case of "urgent private affairs."

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

83. In cases of "serious indisposition" it must be proved to the satisfaction of the Minister:

(*a*) That the state of the officer's health renders the leave asked for absolutely necessary.

(*b*) That the illness has not been caused by neglect, indiscretion, or intemperance.

84. In case of "urgent private affairs," the nature of such urgent affairs must be stated.

85. Any subordinate officer obtaining special leave of absence shall receive during his absence from his duties such pay as the Minister may determine.

86. When special leave is granted on the ground of "serious indisposition," full salary may be given to a subordinate officer for a period of six months if he shall have completed four years' service, and for a period of three months if he shall have served under four years and over two years. In the case of an officer whose service does not exceed two years, the Minister may grant such leave as may be equitable, looking to the merits of the case. If the certificates in section 83 (*a*) and (*b*), cannot be given, leave may be granted, but without pay.

87. Special leave on the grounds of urgent private affairs may be granted by the Minister on the same terms and conditions as those mentioned in the preceding section, save that only half the periods therein mentioned may be granted on full pay.

88. The Minister may grant any period of leave without pay.

89. No unmarried subordinate officer on leave under section 80 and the following sections, shall, as a rule, be permitted to draw rations or a ration allowance. 90. If any subordinate officer exceeds his leave, is drunk within the precincts of the station or on the works, whether on or off duty or is guilty of any act or omission which shall tend in any way to impair the discipline or harmony of the station, or affect the due performance of his duty, he shall be deemed to have committed an act of violation or neglect of duty, and shall be liable, on conviction by the Superintendent, to a fine not exceeding five days' pay. Any officer who is convicted by a Visiting Magistrate or Superintendent for any offence under these regulations, or under any other law may, in addition to any other competent sentence, be sentenced to be degraded to a lower rank, or dismissed the service, subject to the approval of the Minister.

If any subordinate officer be so degraded he shall continue to serve in such lower ranks for such period as the Minister shall decide.

91. As it is absolutely necessary that every person connected with the Convict Service shall be perfectly sober at all times, an officer convicted of intoxication will be liable to dismissal; and it will not be taken into consideration at what place or how he may be intoxicated, or whether it be a greater or less degree of intoxication, nor will it be regarded as any excuse that the person offending may think himself capable of performing the duties of his situation. Swearing and improper language, incurring debts which he is unable to pay, and the habit of frequenting public houses or keeping bad company, will be considered sufficient ground for the discontinuance of an officer's services.

92. Serious pecuniary embarrassment will be regarded as impairing the efficiency of an officer, and such embarrassment, if occasioned by imprudence or other reprehensible cause, will be held to be an offence as affecting the trustworthiness of an officer and the respectability of the service, and the officer embarrassed will forfeit his claim to promotion or increase of pay until free from such embarrassment, or be more severely dealt with according to the circumstances of the case.

93. If any subordinate officer is charged with an offence for which he must by law be tried before a Resident Magistrate or Visiting Magistrate, he shall forthwith be suspended and kept under close arrest.

94. No subordinate officer shall be permitted to receive visitors within the station without permission of the Superintendent, nor shall any such visitor be permitted to sleep on the station without special written permission. The Superintendent shall record the names of visitors so permitted to sleep on the station in his journal.

95. It is the duty of every subordinate officer to make himself thoroughly acquainted with the rules and orders relating to his duties, and no plea of ignorance will be admitted in palliation of any offence against the regulations.

96. Any subordinate officer desiring to appeal against any decision which affects him may do so in writing, addressed to the Superintendent. This communication the Superintendent shall forward to the Under Colonial Secretary for consideration of the Minister.

97. Whenever the alarm is sounded it shall be the duty of every subordinate officer on the station to turn out immediately, fully armed and equipped, at the customary place of parade.

98. Every subordinate officer shall keep his arms, accoutrements, kit, and quarters in proper order.

99. Subordinate officers shall always appear in uniform when on duty. They shall be prompt in falling in for duty.

100. Subordinate officers shall perform such duties as may be assigned to them from time to time.

101. The term "subordinate convict officer" shall be construed to mean and include every official employed in a convict station below the rank of Superintendent, Assistant Superintendent, Visiting Magistrate, Chaplain, Medical Officer, or officer of corresponding rank to the said officers.

106. He shall daily and frequently inspect the workshops on the station, cook-houses, mess-rooms, etc., reporting to the Superintendent any instances of neglect or disregard of regulations he may notice.

107. He shall see that the ordinary and necessary duties of the barracks, such as cleaning quarters, airing bedding, clothing and wards, cooking, etc., are duly performed.

108. He shall see that the quarters of all subordinate officers residing on the station, whether married or single, are kept in a clean and tidy condition.

109. He shall allow no stranger to remain upon the station during the day or night, without the express permission of the Superintendent.

110. At morning muster he shall parade and inspect the constables for day duty, and shall see that every man is properly armed and equipped.

111. At evening muster he shall parade and inspect the constables for night duty, and shall post the sentries. Each relief shall be regularly inspected before going to and after returning from its post. He shall inspect weekly the arms, ammunition and clothing of the constables on the station, and shall certify in his report for the day as to their state.

112. On any alarm being given at night he shall sound the alarm in the prescribed manner and doubly man the posts on the station, falling in all subordinate officers quickly to await orders.

113. He shall present a statement every morning to the Superintendent, showing that all was correct or otherwise during the preceding 24 hours. The statement shall contain, besides his own report, those of the various responsible officers, and shall show specially in regard to that period—

(*a*) The duties performed by the various subordinate officers;

(*b*) The hours at which the sentries were visited during the night;

(*c*) The hours at which any subordinate officer left the station and returned during the night;

(*d*) The name of each subordinate officer who was sick or absent, whether on leave or otherwise;

(*e*) The name of each subordinate officer who may have infringed the rules of the station or committed any offence;

(*f*) Any unusual occurrence.

114. He shall enter or cause to be entered in the prescribed books all offences committed by any subordinate officer or any convict which shall come to his notice. These books shall be delivered to the Superintendent daily, and shall be signed or initialled by that officer.

117. At 7.30 p.m. he shall strike a warning bell and cause the lamps required for the inspection at 8 p.m. to be lighted. At 8 o'clock he shall strike the hour, parade the guard, and proceed to make the final inspection for the night. He shall thoroughly inspect each ward, the hospital, and the solitary cells where convicts are confined, recording in the book prescribed for the purpose the result of his inspection.

118. He shall strike the bell every half-hour during the night, taking care that each sentry answers in the prescribed manner. He shall visit each post every hour at least to ascertain whether the sentries are on the alert, and to inspect the station walls, and shall report at once to the Superintendent any disturbance in the wards.

119. At 10 p.m. he shall call the constables' roll, and at 10.30 the gate of the station shall be locked for the night. After that hour no person shall, under any pretence whatever, be admitted without special written permission from the Superintendent; but subordinate officers, who are absent without leave or who have overstayed their leave, may be admitted, but shall immediately be placed under arrest. At 10.45 p.m. he shall see that all lights are out in the constables' quarters and mess-rooms.

120. He shall see that the sentries are relieved at the appointed times. He shall see that the cooks are roused at the appointed hour; he shall also call the overseers and constables for day duty, and according to the season, ring the first bell. He shall, assisted by the head overseer, see that the morning meal for the convicts is distributed in a proper manner. Half an hour after the ringing of the first bell he shall ring the second bell, and parade the constables for duty, and shall at the same time formally hand over the keys of the respective wards to the head overseer. He shall then proceed to the solitary cells in order to release any convicts whose term of confinement has expired.

121. He shall make a weekly inspection of the convicts' bedding and clothing. In any case in which a convict's kit is incomplete, or in which a convict has more than the regulated allowance of clothing or bedding, he shall immediately report the Superintendent the convict and the name of the overseer of the ward.

122. He shall, on the day preceding the termination of service of any subordinate officer, whether by discharge or resignation, give a written notification thereof to the Issuer of Stores, or such other officer as may be prescribed.

123. Where the term "Chief Constable" is used it shall be taken to mean and include any acting or assistant chief constable duly appointed by the Minister.

The Head Overseer.

124. It shall be the special duty of the Head Overseer to aid the Superintendent in supervising the labour of all convicts working outside the convict station. He shall therefore visit each such working party frequently during the day, noting the time of visit to each span, and obey such instructions as he may receive from the Superintendent.

125. With regard to the direction of convict labour on the works, he shall, when required by the Superintendent, take instructions from the officer in chief control of such works, and shall convey them to the overseers in charge of the working parties.

126. He shall see that the responsible overseers prepare proper requisitions for convict clothing, and that the regulations with regard to the granting of indulgences to convicts are strictly observed.

130. At evening parade he shall verify the numbers on the station, and he shall see the door of each ward securely locked, and report the fact formally to the Superintendent at the said parade. He shall then parade and dismiss the overseers and hand the keys to the custody of the Chief Constable.

131. He shall, on the morning of the day preceding the date of discharge, furnish every overseer in charge of a ward with the name of every convict in his ward who may be due for discharge.

132. An overseer of a party shall be held responsible for the safe custody of every convict under his charge during the hours of labour, and for this purpose he shall be provided with an adequate number of constables. 133. He shall pay most careful attention to the personal cleanliness of the convicts, of their clothing, bedding, kits, food, etc.

134. He shall instruct the convicts under his charge, during the hours of labour, as to the manner in which the work has to be performed, and obey such direction as he may receive from the officer in charge of the works or the Head Overseer.

138. He will be held responsible for the proper use of all articles by the convicts committed to his charge. He shall, on the morning of the day upon which a convict belonging to his party is due for discharge, return into the store, or deliver to the duly appointed officer, every article comprising the kit (including bedding) issued to such convict, and he will be required to account for each article missing. In order that he may have due notice of any discharge, it shall be the duty of the Head Overseer to furnish him with a list of the convicts in his span due for discharge on the morning of the day preceding such date of discharge, and on receipt of such list he shall warn each convict for discharge to have his kit ready to be returned to store.

139. He shall exercise great care in making recommendations for the granting of indulgences to the convicts.

140. He shall see that the instructions with regard to the washing of clothes, etc., by convicts are strictly observed.

141. He shall at the appointed time attend convicts proceeding to the store for clothing or equipment, or for the purpose of surrendering their kits, and shall see that they conduct themselves in an orderly manner.

142. Where overseers of spans have been specifically relieved of any of the duties imposed by these regulations, the provisions referring to them shall be read *mutatis mutandis*.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

149. A certain beat shall be assigned to each constable, which he shall constantly patrol to prevent any convict from attempting to escape. So many of the night guards as are not on beats, shall hold themselves in readiness to turn out at a moment's notice. At the 8 o'clock inspection the constables on duty inside each yard shall stand on guard at the door of each dormitory, while the duly authorised official, attended by an adequate guard, enters and inspects it.

150. It shall be the duty of every constable on night guard to prevent the convicts from making a disturbance and from conversing during the night after the final inspection at 8 p.m. Should he suspect that any convict is attempting to escape or to create a disturbance, he shall immediately give the alarm.

151. Constables not on night duty shall not be allowed out of their quarters after 10.45 at night.

152. If a constable becomes ill he shall report himself to the Chief Constable, whose duty it shall be to bring him before the Medical Officer at the earliest possible time.

153. The Superintendent or Visiting Magistrate will investigate any complaints received, and will afford redress if possible, or otherwise report particulars to the Under Colonial Secretary for the information of the Minister.

Canteen.

154. Whenever a canteen shall be established on a station, it shall be conducted under such rules as shall from time to time be approved by the Minister.

Classification and Treatment of Convicts.

155. On arrival at a station each convict shall be assigned a number, which shall be marked on all articles supplied to him, with the date of issue of the said articles. He shall also be supplied with a complete kit, which shall consist of such articles as may have been fixed or may from time to time be fixed by the Minister, and for the care and cleanliness of which he will be held responsible. He will also have his hair cut, bathe and shave on arrival, and as often thereafter as shall be required.

156. Every convict shall be kept clean shaved until two months preceding his discharge, when he may be permitted to allow his beard, etc., to grow.

157. Subject to the provisions herein contained convicts shall receive such diet and wear such clothing as the Minister has prescribed or may from time to time prescribe. No indulgence or alteration in the diet and no privileges other than those herein prescribed shall be sanctioned without the authority of the Minister.

158. All convicts shall for the future be divided into three classes, to be called the Penal or Third Class, the Probation or Second Class, and the Good Conduct or First Class. For each of these classes there shall be such distinguishing mark as may be prescribed by the Minister.

The Minister may direct the transfer of a convict from any one class to any other class.

White convicts shall be separated from black convicts at night.

159. Any Regulation made under the "Convict Stations and Prisons Management Act, 1888," which takes into account the conviction, prior to or after sentence, of a convict, either as regards the mitigation of his sentence or his treatment while at a Convict Station, shall include a conviction prior to or after sentence in any part of the King's Dominions recorded therein against such convict, or in any Territory in South Africa to which "The Prisoners' Detention Act, 1884," has been or shall be declared applicable.

Penal or Third Class.

160. All convicts with sentences of five years or over, all convicts against whom a previous conviction for the same or a similar crime is recorded, and all convicts convicted of rape, and indecent assault on female children, shall be placed in the Penal Class for one-sixth of their respective sentences, which period shall be reckoned from the date of conviction, provided that they have not, between such date and the date of their admission to a Convict Station, been convicted of any offence against prison discipline, in which case the said period of one-sixth shall be reckoned from the date of such later conviction.

161. For the purpose of calculating the period of service in the Penal Class in the case of a convict undergoing a sentence of imprisonment for the term of his natural life, the term shall be reckoned as twenty years.

162. Every convict originally placed in the Penal Class, who has served with good conduct one-sixth of his sentence in that class, may be promoted to the Second or Probation Class; but by good conduct alone can he earn promotion: a troublesome and ill-behaved convict may remain in the Penal Class for the whole term of his sentence.

163. Whenever a convict in the Penal Class is convicted before the Superintendent and punished for a station offence, such conviction and punishment shall carry with it an additional fourteen days' detention in the Penal Class.

164. Whenever a convict in the Penal Class is convicted before a Magistrate and punished, such conviction and punishment shall carry with it an additional month's detention in the Penal Class where the sentence is not such as would otherwise entail relegation to that class.

165. A convict who shall upon conviction for an offence committed after the date of his original sentence receive a punishment which would involve relegation to the Penal Class shall

(1) If he is in the Penal Class, remain in that class for one-sixth of the subsequent sentence in addition to the unexpired portion of his prior Penal Class term;

(2) If he is in any other class than the Penal Class, be relegated to the Penal Class for one-sixth of the subsequent sentence and shall not be transferred to any higher class save as in these rules prescribed;

(3) If the subsequent sentence include flogging, or be one for flogging only, be relegated to the Penal Class for such period as may be prescribed by the Minister;

Provided that where the subsequent sentence is less than eighteen months the period of one-sixth referred to in this rule shall be taken as not less than three months; if the sentence be three months or less the whole of such sentence shall be served in the Penal Class; and where the subsequent sentence represents a life period the term shall be reckoned as in Regulation 161.

166. Any convict in either the Probation or Good Conduct Class may, either as a specific sentence or in addition to any other competent sentence, be relegated to the Penal Class:

(*a*) By the Superintendent with the approval of the Minister.

(*b*) By the Visiting Magistrate.

Always provided that the Superintendent shall not relegate a convict to the Penal Class for more than three months or the Visiting Magistrate for more than twelve months. But the convict shall not even at the conclusion of the said respective terms be promoted unless his conduct in the Penal Class has been satisfactory.

167. Convicts in the Penal Class must be separated from those in other classes as much as possible.

168. Convicts in the Penal Class are allowed no indulgences in the way of food, etc., except by special permission of the Minister for specially arduous or disagreeable work or meritorious conduct: and are not permitted to receive visits or to receive or write letters, except by the special sanction of the Minister in each particular case. Provided that in the case of convicts whose periods in the Penal Class are likely to be more than six months, they may, after the termination of that period, receive and write a letter every two months, and receive a visitor every month for fifteen minutes, provided further, in each case that they have served for a period of three months clear of punishment.

Probation or Second Class.

169. The Probation Class shall consist (*a*) of convicts not previously convicted of the same or a similar crime who have sentences of less than five years' imprisonment, and (*b*) of those who have been transferred from the Penal Class or the Good Conduct Class in accordance with the regulations made from time to time. When a convict has been disrated from the Good Conduct Class to the Penal Class he shall after having satisfactorily completed his time in the Penal Class serve in the Probation Class for six months.

170. Convicts promoted from the Penal Class to the Probation Class, or convicts placed in the Probation Class on their arrival at a Convict Station, shall, after serving two months clear of punishment in that class, be allowed to receive and write a letter once a month and to receive a visit of 15 minutes' duration once each month.

Good Conduct or First Class.

171. The Good Conduct class shall consist only of convicts who, by exceptionally good behaviour for one year (or, in the case of disrated convicts, for the period otherwise prescribed) while in the Probation class, or who by some specially meritorious action shall have earned promotion to the former class. Provided that the Probation period of one year shall be reckoned from the date of sentence, except in the case of convicts coming under the provisions of Regulation No. 160, when it shall be reckoned from the date on which they cease to belong to the Penal class.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

172. Whenever it is possible separate gangs of Good Conduct men should be made up for work in the day time.

173. Convicts in the Good Conduct class may be allowed to receive and write a letter once a month, and may also receive a visit of twenty minutes' duration once a month, provided that if no visit has been received by him during any particular month a convict in the Good Conduct class may, with the Superintendent's permission, be allowed to write two letters instead of one during that month.

174. Any convict in the Good Conduct class may be reduced from that class to the Probation class by a Magistrate or by the Superintendent, either as a specific punishment or in addition to any other competent punishment. A Magistrate may so reduce a convict for three months, and the Superintendent may reduce him for one month; but he will not be restored to the Good Conduct class unless his conduct be satisfactory.

175. If any convict while under sentence be sentenced to be put in cells, or to extra labour, or stocks, or to labour on a treadmill, or to be flogged, or to an additional term of imprisonment, or to be disrated from one class to another, he shall, where no other provision is made with regard to his privileges by the sentence or by these regulations, forfeit all privileges and indulgences to which at the time of the sentence he might have been entitled, for a period of three months. If he be not then receiving any privileges or indulgences he shall not be permitted to exercise or receive them for three months from the date at the expiration of such sentence.

176. Visits to convicts must be paid on such days and within such hours as are prescribed by the Superintendent.

177. Letters from or to convicts must be sent to the Superintendent to be by him opened and read before being forwarded or delivered, and must be written in English, Dutch, Kafir, or such other language as may be permitted by the Minister.

178. Letters may only be written to members of the family or respectable friends of the convict or to his legal adviser or consul.

179. A convict whose sentence is eighteen months and more, and whose conduct (as well at work as on the station) has been good, will, subject to the provisions of Regulation 180, be allowed a mitigation of one-fifth of his sentence. Every conviction for a breach of station discipline, followed by punishment (other than simple withdrawal of indulgences) will cause a loss of fourteen days of this mitigation. The Minister may, however, relax this deprivation under special circumstances.

180. No convict shall be entitled to the mitigation referred to in the last preceding regulation in respect of any sentence:

(*a*) if it be passed for a second conviction;
(*b*) if before the said sentence is expired he commit an offence for which he is sentenced to an additional term of hard labour, or to be flogged;
(*c*) if with a sentence not exceeding ten years, he be punished (other than by the simple withdrawal of indulgences) six times for offences against station discipline; or with a sentence exceeding ten years he be punished ten times;
(*d*) whose conduct has in the opinion of the Minister been such as to debar him from the privilege.

The Minister shall have the power to relax this rule in any case if he think fit.

181. When several sentences are passed for a series of *offences committed before the first sentence*, they are to be treated as one sentence equal to the aggregate of the whole, and the later sentences are not to be regarded as second or subsequent convictions in determining the right to mitigation.

182. Except when otherwise directed, where a convict has received a special remission of service, his ordinary regulated remission will be one-fifth of the original sentence, and not one-fifth of the balance after deducting the special remission.

183. When a convict serving a life sentence shall have undergone twenty years' imprisonment, his case shall be brought before the Minister for consideration. In representing his case, his age, conduct, and state of health shall be notified. It is not, however, to be taken for granted that any result favourable to the convict will follow.

184. If a convict, who is serving a sentence in regard to which he is not entitled to mitigation, has behaved in an exemplary manner, his case may be represented to the Minister for special consideration.

185. For the purpose of Regulation 180, a second conviction will be taken to mean any conviction for an offence committed after a prior conviction—

(*a*) of the same or a similar crime for which any sentence, no matter how small, was imposed, and
(*b*) of a crime for which a sentence of lashes, or at least two months' hard labour without the option of a fine, was imposed.

186. A convict who has been convicted of escape or attempting to escape will forfeit all mitigation, and shall be placed in the Penal class and remain in that class for twelve months, or for so much of that period as his term of imprisonment will allow. If when the escape took place he was in the Penal class the period prescribed in this regulation shall be reckoned in addition to the portion of the Penal class period of his sentence which was unexpired when he escaped.

187. The Superintendent may place in chains any convict—

(*a*) who has escaped or attempted to escape or who has assisted an escape, or whose violent, insubordinate or refractory conduct demands such restraint; or
(*b*) whom he may have grounds for suspecting meditates an escape or violence; or
(*c*) who has been convicted of inciting other convicts to insubordinate conduct.

The circumstances under which the chains have been put on the convict shall be reported to the Minister for his consideration and decision as to the length of time they may be kept on the convict.

188. If any convict shall

(1) use language tending to cause discontent, excitement, or insubordination among his fellow-prisoners;
(2) make false, malicious, or frivolous complaints or reports;
(3) commit any nuisance, neglect his duty, fail to keep himself clean, or to wash and mend his clothes;
(4) absent himself from parade or other place at which he shall be required to be, or shall misbehave when present at such place, or at Divine Service or school;
(5) evade work by any means;
(6) malinger by feigning any malady whatever;
(7) procure or receive any article whatever in an unauthorised manner;
(8) hold communication by any means, or of any kind, with any person with whom such communication is not authorised;
(9) violate any rule of the station, or defeat or evade the operation thereof;

he may be sentenced by the Superintendent to spare diet in solitary confinement for any uninterrupted period, not exceeding three days, or to a period of solitary confinement with light labour. This period in the case of a sentence imposed by the Visiting Magistrate shall not exceed eighty-four days, and in the case of a sentence imposed by the Superintendent shall not exceed forty-two days.

The Visiting Magistrate or Superintendent may, in lieu of any of the above penalties:—

(*a*) order extra labour not exceeding three hours per diem for a period not exceeding three days; or
(*b*) direct that the convict forfeit all or any of his indulgences for a period not exceeding three months; or
(*c*) direct that the convict be confined in stocks approved by the Visiting Magistrate and Medical Officer of the station not longer than three hours per diem for a period not exceeding three days;
(*d*) direct that the convict be made to work on a treadmill for so many consecutive days and for such number of hours daily as the Minister may prescribe.

The punishments (*c*) and (*d*) shall only be imposed at stations at which the Minister shall specially approve their imposition.

189. Convicts sentenced under Regulation No. 188 to solitary confinement shall be subject to the following rules:—

(*a*) If confined for any period exceeding 7 days, they shall be made to take exercise:—
For half-an-hour every other day if confined for 8 to 21 days inclusive;
For half-an-hour every day, if confined for 22 to 42 days inclusive;
For half-an-hour twice a day, if confined for 43 to 84 days inclusive;
(*b*) Whilst taking exercise they are forbidden to speak to any other convict, or to any officer, or to hold any communication with any person whatever without special permission;
(*c*) The form of exercise shall be such as may from time to time be prescribed by the Minister.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

190. If a convict is charged with insolence to the Superintendent, or other superior officer of the station, or disobedience of his orders, or with any act affecting his influence or authority, he shall not be tried by the Superintendent, but his case shall be remitted for trial before the Visiting Magistrate. By "Superior Officer" is meant the Assistant Superintendent, Medical Officer, and any Minister of Religion officiating at the station, or any officer of similar rank to such officers.

191. Convicts will rise at the first bell in the morning, roll up their beds, make up their kits, and arrange blankets, towel, plate, spoon, soup-tin, etc., neatly and as directed.

192. Silence is to be kept on all parades and in marching to and from the place of labour. When the bell rings for parade, convicts are to fall into their spans quickly and in an orderly manner and stand at attention.

193. At 8 o'clock at night the convicts must be in bed, and silence must be strictly kept from this hour till the first bell in the morning.

194. No convict is to leave his work without permission of the officer in charge; nor is he under any circumstances to undertake work of any kind without orders from proper authority.

195. Every convict will change his underclothing once a week on such days as may be directed by the Superintendent.

196. Convicts, when sick, will report themselves at morning or evening muster or at the midday meal.

197. If any convict feels himself aggrieved, or improperly treated by any officer, he may bring his complaint to the notice of the Visiting Magistrate or Superintendent, who will investigate such grievance.

198. Complaints with respect to food must be made at once to the overseer who will forthwith report it to the proper officer for investigation.

199. Convicts are to pay proper respect to all persons placed in authority over them. When passed by, or passing, the Visiting Magistrate, Superintendent, or other superior officer, they will salute in a proper manner.

200. Convicts are strictly forbidden to receive any article whatever save such as is prescribed by law.

201. Jewish convicts in any class may be allowed to receive food specially prepared on the following days and seasons:—

(1) Passover Season.
(2) First and second Days of the New Year.
(5) Day of Atonement.

Provided that it do not differ in class or quantity from the ordinary ration. They shall be exempted from work on the Day of Atonement, and on the first and second days of the Jewish New Year.

202. A convict is to regard obedience as his first duty. A reckless, refractory or insubordinate line of conduct will invariably bring upon him the rigorous execution of the sentence he is under. New acts of offence or crime will expose him to additional punishment.

203. A convict is to remember that the law has subjected him, in consequence of crime, to a punishment which enjoins strict discipline, hard labour, and continual restraint. By good conduct and evident reform he can alone hope that the penalty which the law has inflicted will in any degree be mitigated.

204. The Superintendent may, whenever he thinks fit, separate any convict from any other convict at night.

205. The weight of chains shall not exceed ten pounds. Every precaution shall be taken to prevent injury from their use.

206. Conversation is to be under continued restraint, and may be prohibited for misconduct.

208. No convict is to be vested with authority or power over any fellow-convict, or to be employed in any permanent situation of ease.

209. No convict is permitted to receive anything beyond his regulated ration, save as is allowed by these regulations, or by the Medical Officer by written order directed to the Superintendent.

210. On the occasion of a convict's discharge, the Superintendent of the station is authorised to issue to him a sufficient quantity of bread and meat for his necessities on the road to his destination within the Colony, and if that point be distant to assist him with a free pass by rail to the nearest station to it, and to give him in lieu of rations a sum not exceeding sixpence for each day's journey homewards.

211. Any money received on behalf of a convict shall be deposited in the Post Office Savings Bank. If the amount be in excess of the sum receivable in the said Bank it shall be invested in such manner or deposited for safe custody in such public department as the Minister may think fit.

212. The Minister may direct that any money or other property belonging to any convict shall be delivered into the charge of some person or institution nominated by the said convict instead of being received and kept on his behalf by any public officer.

The Minister may authorise the destruction of convicts' private effects which are reported as worn out, or as being in such a condition as to render it inexpedient to retain them.

213. Money or other property received on behalf of any convict shall not, before his discharge, be repaid to him, or delivered to any other person, without the sanction of the Minister.

The Storekeeper.

214. The Storekeeper shall, under the supervision and control of the Superintendent, be responsible for the care and custody of all stores, bedding, clothing and property not in actual use.

215. He shall, upon the receipt of the written order of the Superintendent to that effect, but not otherwise, issue such articles of stores, clothing and bedding as may from time to time be required. He shall be held responsible for seeing that each article is properly marked before issue.

217. In the event of any officer leaving the service, or convict being discharged, he shall see that all Government property is accounted for and returned into store.

He shall bring at once to the Superintendent's notice any neglect on the part of overseers in respect of requisitions for convict clothing and all cases in which a kit, or any article thereof, is sought to be removed before the appointed time or before a reasonable period has elapsed after a previous issue. He shall keep a monthly abstract of all stores consumed, and shall report at once any increased consumption which in his opinion is not warranted by an increase in the number of convicts maintained.

219. He shall see that proper order is maintained at the store when articles are being issued. Convicts shall not be allowed at the store for the purpose of receiving any article of their kit except when accompanied by the overseer.

220. He shall keep such books and furnish such returns as may from time to time be prescribed, and shall render such general clerical assistance as the Superintendent may require.

The Issuer of Stores.

221. The Issuer of Stores shall assist the Storekeeper so far as may be directed in the custody and issue of stores.

222. He shall keep such books, furnish such returns, and perform such duties as may be assigned to him.

CUSTOMS NOTICES.

TO ALL CHAMBERS OF COMMERCE AND TRADE IMPORTERS, TRADERS AND THE PUBLIC GENERALLY WHO TRANSACT BUSINESS WITH THE COLONIES AND TERRITORIES IN THE CUSTOMS UNION.

THE various Governments in the South African Customs Union have decided that on and after the 1st of January, 1907, a system of registration of the Customs Union Forms A, B, C and D shall be instituted, necessitating the discontinuance of the present forms.

The new forms will be bound in Books of 100 sets, consecutively numbered, containing either Notice and Advice or Declaration and Advice (perforated in each case) and counterfoil.

All supplies of the present forms remaining in stock on the 31st of December, 1906, should be destroyed as they will not be accepted after that date.

Under the new system, by using carbon paper the counterfoil in the Book will be an exact copy of the Notice and Advice or Declaration and Advice as the case may be, so that in the event of the forms being lost or mislaid a duplicate will be readily available; the fact of the forms being consecutively numbered will also enable them to be easily traced.

All supplies of the new forms will be drawn from the Customs Department, who will supply them at cost price to firms requiring quantities for their own use.

Resident Magistrates and Station Masters will also be in possession of a supply for the use of those who may occasionally forward goods to other Colonies in the Union.

4. Every applicant at the time of making application shall deposit with the Civil Commissioner of the Division in which such land is situate a sum equal to one-twentieth of the value of such land, and of the survey and other expenses connected therewith, and in the event of his neglecting or refusing to take up the land so applied for, if allotted to him, the said sum shall be absolutely forfeited to the Government : Provided that in the case of the ground applied for not being allotted to him, the amount of his deposit shall be returned to him forthwith.

5. In the event of any failure during the currency of the licence to perform the condition of occupation the Minister may declare the licence absolutely forfeited and the land in respect of which the licence is issued shall revert to Government : Provided that if it is proved to the satisfaction of the Minister that the failure to occupy was caused by drought, or some other cause deemed sufficient by the Minister, he may excuse such failure, but such excuse shall not be given for a period of more than twelve months unless such cause subsists for a longer period.

9. At the expiration of the five years for which any licence is granted, and if the Minister is satisfied that the conditions therein contained have been duly fulfilled, he shall cause to be issued to the licensee a title deed to the land held and occupied by him on quitrent tenure at an annual quitrent equal to the yearly licence fee, which quitrent shall cease to be payable when twenty instalments (20) in all, equivalent to the purchase price of the land, have been paid.

Office of the Surveyor-General,

Cape Town, 29th August, 1906.

IN terms of Section 4, Act 26 of 1891, as re-enacted by Act No. 18 of 1897, it is hereby notified that the following Pieces of Crown Land, situate in the Division of Peddie, will be offered for Lease, by Public Auction, in front of the Office of the Civil Commissioner of Peddie, at 10 o'clock a.m., on Saturday, the 3rd November, 1906, subject to the Conditions and Stipulations hereinafter contained, and further to such Conditions as may be declared on the day of Sale.

The Land will be let on Lease for any term not less than one year and not exceeding five years, to the highest bidder.

The following are the Conditions of Lease:—

1. One year's rent shall be paid to the Civil Commissioner on the day of Sale, and if the term of the Lease shall exceed one year the due payment in advance of the rent for the subsequent year or years shall be secured by approved sureties; provided that the Civil Commissioner may receive two years' rent in advance, in which case the said security will not be required.

2. The Government reserves the right of terminating the Lease should it be thought expedient to sell the land or other circumstances render it necessary or expedient at any time, at two months' notice; and in such case the proportion of paid rent for any unexpired portion of the current year shall be refunded to the Lessee.

3. Licensed Land Surveyors employed in the survey of Crown or other lands with their assistants and servants, shall have the right of access at any time to any part of the land leased for professional purposes.

4. The right of searching and mining for ores, metals, minerals, or precious stones, is reserved to the Government or to any person authorised by it, save in so far as such right may limit the rights and privileges of the said Lessee in respect of precious stones and minerals, in manner provided by any Act in that behalf.

5. The Government does not undertake to point out any beacons. The description of the Lot will be given on the day of Sale of the Leases, and the Lessee will thereupon be expected to find the extent leased by him.

6. The Lessee shall not be entitled at the expiration or other termination of his Lease, to any compensation for improvements made during the term of the Lease, but they shall become the property of the Government.

7. The Lessee shall be required to keep all existing improvements on the land in good repair during the Lease, and to deliver up the same in good repair, but shall not be entitled to any compensation for the same.

8. The Lessee shall not transfer the Lease nor sublet the land or any portion of it, or any buildings or erections thereon, without the written sanction of the Government first obtained.

9. The Lessee shall wholly and absolutely forfeit his Lease upon the breach of any condition binding him.

10. The Government reserves to itself the right to limit the number of persons who may reside on the land hereby leased during the subsistence of the lease, and, upon the recommendation of the Divisional Council, after due enquiry made with cognisance of the Lessee, either to remove such numbers of persons as it may consider excessive or to cancel the lease as may seem to it equitable under the circumstances.

11. The occupation of land under this Lease shall not be held to be *bona fide* occupation under the provisions and for the purposes of Section 20 of Act No. 40 of 1895.

Other conditions may be declared on the day of Sale.

The Stamps required by Act No. 20 of 1884, to be affixed to the Contracts of Lease will be furnished by the Government free of charge to the Lessee.

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogste bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen : Mit dien verstande :

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk perceel en van den Grondbrief, nam., 12s. 5d., zullen aan den Civielen Commissaris of andere ten dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

Indien de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent. per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van den datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geene waarde worden, en reeds gedane betalingn zullen aan de Regeering vervallen.

Landmeter-Generaals Kantoor,

Kaapstad, 29 Augustus 1906.

OVEREENKOMSTIG artikel 4, Wet 26 van 1891, als verder bekrachtigd door Wet 18 van 1897 wordt hiermede kennis gegeven dat de volgende stukken Kroonland, gelegen in de Afdeeling Peddie, bij publieke opbod, te huur aangeboden worden zullen voor het kantoor van den Civielen Commissaris te Peddie, om 10 uur 's voormiddags, op Zaterdag, den 3 November 1906, onderhevig aan de Voorwaarden en Bepalingen hierna te worden genoemd, en verder aan zulke condities als op den verkoopdag mogen vermeld worden.

De grond zal voor een termijn van niet minder dan een jaar en niet meer dan vijf jaren aan den hoogsten bieder verpacht worden.

De algemeene voorwaarden van de verpachting zijn als volgt :—

1. Een jaar huur zal den Civielen Commissaris op den dag der verpachting betaald worden, en als de pachttijd meer dan een jaar zal zijn, zal de gereedelijke betaling van de huursom vooruit voor het volgende jaar of de volgende jaren door goedgekeurde borgen verzekerd worden : mits echter dat de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2. De Regeering behoudt het recht de pacht te eindigen, mocht het dienstig geacht worden den grond te verkoopen of andere omstandigheden het te eeniger tijd noodig of dienstig maken, op twee maanden kennisgeving; en in zulk een geval zal de huur, betaald voor een nog niet afgeloopen deel van het loopende jaar, aan den huurder terugbetaald worden.

3. Gelicentieerde landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuurden grond voor professioneele doeleinden.

4. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden, behalve in zoo ver als zulk recht de rechten en privilegien van gezegde huurders ten opzichte van edelgesteenten en delfstoffen moge beperken, als bepaald bij eenige wet te dien opzichte.

5. De Regeering neemt niet op zich eenige baken aan te wijzen. De beschrijving van het stuk grond zal op den pachtdag gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

6. De huurder zal bij het vervallen of anderszins eindigen van den huur, geen aanspraak hebben op eenige vergoeding voor verbeteringen aangebracht gedurende den huurtijd, maar deze zullen het eigendom der Regeering worden.

7. De huurder zal alle bestaande verbeteringen op den ground gedurende den huurtijd in goeden staat moeten houden en die in goeden staat afleveren, maar zal niet gerechtigd zijn tot eenige vergoeding daarvoor.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the subjoined Regulations framed by the Municipal Council of Pearston, under the provisions of Act No. 45 of 1882, and Act No. 12 of 1893.

NOEL JANISCH,
Under Colonial Secretary.

MUNICIPALITY OF PEARSTON.

REGULATIONS.

1. All Municipal Regulations previously in force within the Municipality of Pearston are hereby repealed, with the exception of Regulations 1, 2, 3, 4, 5, 6, 7 and 9, published under Government Notice No. 218 of 1897.

2. The Chairman of the Town Council shall be styled the Mayor.

3. The Mayor, and, in his absence, the member presiding, shall maintain order and decide all disputed points of order.

4. The time at which any meeting may be adjourned by reason of an insufficiency of members shall be at the end of a quarter of an hour after the appointed time of meeting.

5. No Councillor, duly elected a member of any standing, or special Committee, shall be at liberty to decline acting as such unless on the ground of his having been elected a member of any other standing Committee, or for other good cause shown to the satisfaction of the Council.

6. At every ordinary meeting of the Council, the following order of proceedings shall be observed :—

(*a*) The minutes of the next previous meeting, whether ordinary, special, or adjourned, shall be read and confirmed by vote of the Council, and signed on such confirmation by the Mayor or member presiding.

(*b*) The several reports of Committees, either standing or special, to be considered.

(*c*) The reports of the several officers of the Municipality to be considered.

(*d*) The matters which have, by a former meeting, been reserved for further or re-consideration.

(*e*) All applications, complaints, or communications, in writing, which have been received by, or made to the Municipal Clerk, before noon of the day of the meeting, and shall not be comprehended under any of the preceding sections.

7. The order list may be suspended on the motion of any Councillor, such motion being duly seconded and carried; but no discussion on such motion to be allowed in any case whatever.

8. No member shall be allowed to interrupt another in the course of any statement or argument, and it shall be the duty of the Mayor, or member presiding, to protect every member in the enjoyment of his right to address the meeting.

9. In discussing the several matters in the order aforesaid, every member shall address the chair, and shall stand whilst doing so, and no member shall be allowed to speak more than five minutes, without the consent of the Mayor or presiding member.

10. If two members shall rise to speak at the same time, and neither shall give way, the Mayor, or member presiding, shall decide which member is entitled to precedence.

11. On taking the votes the Mayor, or member presiding, shall call for a show of hands, but it shall be competent for any member to call for a division, and the names to be recorded.

12. Whenever the votes upon any original motion or amendment are to be taken, the Mayor or member presiding shall simply take the votes against or for each amendment, or the original motion, as the case may be, and declare the majority either for or against such particular amendment or motion.

13. No Councillor, when present, shall be excused from voting either in favour of or against any subject, motion or amendment submitted to the Council, except for reasons which the Council shall approve, or which have been provided for by the 87th Clause of Act 45 of 1882. When the mover or seconder of the original motion, as the case may be, shall rise to reply, or the Mayor or member presiding shall call upon him to do so, it shall still be competent for any member who has not yet spoken upon the question to propose an amendment, and it shall be competent also for any member entitled to speak again on account of an amendment proposed, to address the meeting thereon; but after the mover or seconder of the original motion, as the case may be, shall have replied, or on the call of the Mayor or member presiding, shall have declined to reply, it shall no longer be competent for any member to address the meeting on the subject, but the Mayor or member presiding shall forthwith proceed to take the votes.

14. No member shall be at liberty to speak more than once on the same subject, except in explanation, but he shall not be considered to have spoken on the question by reason of his having moved for an adjournment of a Committee of the Council.

15. No one else but the mover of the original motion, or, on his declining, the seconder thereof, shall have the right to reply.

16. Any member of the Council casting any improper reflection upon or making any imputation of improper motives to any other member shall be called upon by the Mayor or member presiding to withdraw such reflection or imputation, and to apologise to the meeting; in the event of his refusing to do so the Mayor or member presiding shall put to the vote of the meeting whether such member has been guilty of contempt, and a majority of the members present shall determine the question, and if the member is found guilty of contempt, it shall be the duty of the Mayor or member presiding to cause the guilty member to be removed, and he shall not be allowed to resume his seat the same day.

17. It shall be competent for any Councillor, when he is in a minority on any question which has been decided, to forthwith request that his dissent or protest may be entered in the minutes of the meeting of the Council in which the decision of the Council is recorded, and such dissent or protest shall be entered accordingly; provided, however, that no dissent or protest shall be allowed to be recorded which casts any improper reflection upon, or imputes any improper motives to the Council or any Councillors. If the majority of the Council shall, on the motion of any Councillor, decide that the dissent or protest contains any such imputation or reflection, the same shall not be entered on the minutes unless the Councillor so dissenting or protesting withdraws the expression which shall have been considered improper.

18. It shall be competent for any member, at any time or at any stage of the proceedings or discussion, to move an adjournment of a particular question then before the meeting, or of the meeting itself. Such motion must be duly seconded and put to the vote without discussion, and be decided by a majority of the members present.

19. It shall be competent for any member, at any time or at any stage of the proceedings or discussion, to move that the Council resolve itself into Committee.

20. This motion, however, shall not require to be seconded; but should anyone object, the Mayor or member presiding shall put the question at once without allowing discussion, and it shall be decided by the votes of the majority.

21. Any member of a Standing or Special Committee absenting himself from such Committee four (4) consecutive meetings without the consent of the Council or Committee having been first obtained, shall *ipso facto* forfeit his seat on such Committee, and another shall be appointed in his place by the Council, and if any member of a Committee shall, without permission and without such reason as the Council shall consider to be a sufficient reason, absent himself from four consecutive meetings of such Committee, the fact shall be recorded in the minutes of the Council.

22. The Council shall hold ordinary meetings for the transaction of business on the first and third Tuesday of each month, but should any day of meeting fall on a public holiday, the Council shall meet on the day following.

23. It shall be competent for the Mayor or for any two Councillors to convene a special meeting of the Council on any day they may deem fit, subject, however, to the provisions of Section 90, Act 45 of 1882.

106. If at any interview any communication shall be made which is at variance with the prison rules or is likely to lead to a breach of such rules, the interview shall be stopped and the matter shall at once be reported to the Resident Magistrate. 110. All letters to or from any prisoners shall be submitted to the Gaoler for perusal, and should any letter contain improper matter it must be detained and brought to the notice of the Resident Magistrate. The Resident Magistrate shall have the power in special cases to permit letters to and from the classes of prisoners mentioned in Regulation 85 (except untried prisoners) to pass unread.

General Regulations.

111. Proper scales and weights shall be kept in each gaol.

112. The Resident Magistrate shall visit the gaol at least twice a week, unless the Minister shall prescribe fewer visits. He shall muster the prisoners at least once a week and ascertain whether they have any complaints. The Resident Magistrate may delegate the performance of the duties prescribed in this regulation to some other official approved of by the Minister.

At the lock-ups of stations to which detached Assistant Resident Magistrates are appointed the duties herein imposed upon the Resident Magistrate shall be carried out by the Assistant Resident Magistrate.

113. The Resident Magistrate shall, without delay, report to the Under Colonial Secretary any case of insanity or apparent insanity occurring among the prisoners; or any case in which the Medical Officer shall be of opinion that the life of any prisoner will be endangered by further imprisonment, or that any invalid will not survive his sentence, or that he is totally and permanently unfit to undergo the discipline prescribed. The report herein referred to must be forwarded independently of any provision of law with respect to lunatics.

114. The Gaoler shall notify, in writing, to the nearest friend or relative of any prisoner, and to the visiting minister of the gaol, or to a minister of the religious denomination to which the prisoner belongs, any case in which the life of such prisoner appears to be in danger.

In the case of the death of a prisoner the Resident Magistrate shall cause a notification to be sent to the nearest friend or relative and to the Prison Chaplain. If provision for the burial is not made by the friends, he shall cause the body to be decently buried at the public expense.

115. Imprisoned debtors shall not be maintained at the public cost. The execution creditor is required, by section 18 of Act 20 of 1856, to pay 1s. per diem, payable weekly in advance to the keeper of the prison, who shall hand the amount to the imprisoned debtor for his maintenance.

116. Government officials shall not employ prison labour for private purposes except on payment and on the same terms and conditions as private individuals are allowed the services of prisoners.

The employment of prisoners for private purposes under any other conditions is stringently prohibited.

117. Female prisoners, when removed from one prison to another, shall be forwarded under the charge of a Matron.

118. Every attention must be shown to clergymen and ministers attending the gaol to give religious instruction, and all facilities afforded them in the performance of their duties. 2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

The other prisoners shall not be paraded to witness the punishment.

Unless the punishment warrant directs otherwise, corporal punishment shall, in the case of boys of the age of 16 years and under, be carried out upon the bare buttocks; and, in the case of other prisoners, by lashes on the bare back or on the bare buttocks, as the Medical Officer shall in each case deem expedient, having regard to the physical condition of the prisoner.

121. The Resident Magistrate shall on the occasion of every escape from custody hold an inquiry into the circumstances connected therewith, and shall transmit the proceedings, or a copy thereof, together with a report thereon, to the Under Colonial Secretary, for the information of the Minister.

122. (*a*) The Resident Magistrate may grant to any prison officer leave for a period not exceeding ten days in any one year, provided that arrangements are made for the discharge of the duties of the officer without cost to the public. Such leave, and the name of the person nominated to act for the said officer, shall be reported to the Under Colonial Secretary for record.

(*b*) The Gaoler may grant to any subordinate officer leave to be absent from the prison for any period not exceeding 4 hours in any one day or 10 hours in any one week.

(*c*) Leave shall only be granted if the exigencies of the service permit of it.

(*d*) All leave granted to prison officers shall be entered in the Gaolers' Journal.

123. No unmarried prison officer who receives rations shall, as a rule, when on leave, be permitted to draw rations or a ration allowance. If he be married the Minister may, under special circumstances, authorise his family to draw the daily ration during such period of absence.

124. The duties, obligations, and powers imposed and conferred by these regulations upon the Gaoler shall, so far as the House of Correction is concerned, be regarded as imposed and conferred upon the Matron; and where in these rules the Gaoler is mentioned, they shall be deemed and taken to apply to the Matron in their relation to the House of Correction.

125. The rules for subordinate prison officers shall be applicable to every officer except the Matron in the House of Correction, and to every Matron and Assistant Matron elsewhere.

126. If any prison officer exceeds his leave, is drunk within the precincts of the gaol whether on or off duty, or is guilty of any act or omission which shall tend in any way to impair the discipline or harmony of the gaol, or affect the due performance of his duty, he shall be deemed to have committed an act of violetion or neglect of duty in terms of Section 48 of Act No. 23 of 1888.

As it is absolutely necessary that every person connected with the Prison Service shall be perfectly sober at all times, an officer convicted of intoxication will be liable to dismissal; and it will not be regarded as an excuse at what place or how he may be intoxicated, or whether it be a greater or less degree of intoxication, or that the person offending may think himself, or that others may think him, capable of performing the duties of his situation. Swearing and improper language, incurring debts which he is unable to pay, and the habit of frequenting public houses, or keeping bad company, will be considered sufficient grounds for the discontinuance of an officer's services.

127. It shall not be lawful for any person to introduce into the premises or precincts of any gaol or lock-up any intoxicating liquor without the written permission of the Resident Magistrate of the district in which such gaol or lock-up may be situated, or the written order of the Medical Officer thereof; and any contravention of the provisions of this regulation shall be punishable by the penalties provided by Section 36 of the "Convict Stations and Prisons Management Act, 1888."

128. If any prison officer is convicted by any court of a breach of these regulations he may be sentenced, in addition to any penalty otherwise provided by law, to be reduced from the rank in which he is serving to a lower rank, or to be dismissed from the service. Every sentence of dismissal shall, however, be subject to the Minister's confirmation.

129. If any subordinate officer be so degraded he shall continue to serve in such lower ranks for such period as the Minister shall decide.

130. It is the duty of every subordinate officer to make himself thoroughly acquainted with the rules and orders relating to his duties, and no plea of ignorance will be admitted in palliation of any offence against the regulations.

131. Boards of Survey for the condemnation of unserviceable stores and private effects of prisoners shall be held as often as may be necessary, but at least once a quarter. The Minister may prescribe more frequent Boards. The Board shall consist of the Resident Magistrate and the Medical Officer, or where there is no Medical Officer, of such person as the Resident Magistrate shall by written order substitute for the Medical Officer. Should the Resident Magistrate be unable to attend, owing to indisposition or other cause, he may depute the Senior Officer on the Establishment to take his place. The cause of the absence of the Resident Magistrate shall be recorded on the minutes of the Board.

At the lock-ups of stations to which detached Assistant Resident Magistrates are appointed, the Board shall consist of the Assistant Resident Magistrate, the Medical Officer, where there is such an officer resident, and such officer as the Resident Magistrate shall nominate in writing.

132. Every person visiting the gaol for any purpose, whether the visit be official or unofficial, shall sign the Visitors' Book on each occasion of such visit, and the Gaoler shall be held responsible that this regulation is duly observed.

133. When for the purpose of recovering stolen property it shall appear to the Resident Magistrate expedient, it shall be lawful for him, by order in writing, to direct that any prisoner under sentence or awaiting trial shall for any period which shall be specified in such order, be made to wear gloves, or special suits of clothes (in both cases of patterns to be approved by the Minister) and to be confined apart from other prisoners by day or night.

134. Any money held or received on behalf of a convicted prisoner shall be deposited in the Post Office Savings Bank, unless the sentence is so short as, in the opinion of the Resident Magistrate, to render it inexpedient to adopt this course, or unless it is otherwise directed by the Minister. When money has been so deposited the bank-book shall be kept by the Resident Magistrate. If the amount be in excess of the sum receivable in the said bank it shall be invested in such manner or be deposited for safe custody in such public department as the Minister may think fit.

135. The Minister may direct that any money or other property belonging to any prisoner shall be delivered into the charge of some person or institution nominated by the said prisoner, instead of being received and kept on his behalf by any public officer, or in the case of a convicted prisoner, instead of being invested in manner provided by Regulation 134.

136. In cases where it is expedient that prisoners' private clothing and effects should be destroyed immediately, they may be destroyed by the Gaoler on the written order of the Resident Magistrate (or of the officer duly appointed to exercise the visiting functions of the Resident Magistrate under Regulation 112) or of the Medical Officer.

All cases of such destruction shall be reported to the Board held for the condemnation of unserviceable stores at the first subsequent meeting; the report shall set forth the necessity for immediate destruction. The Board shall report the articles so condemned to the Under Colonial Secretary for the information of the Minister.

137. Money or other property received on behalf of any prisoner shall not, before his discharge, be repaid to him, or delivered to any other person, without the written authority of the Resident Magistrate or the order of a competent Court. This shall not apply to ordinary clothing and the effects which a prisoner may be compelled to hand to friends when he is being sent to a convict station.

138 Only clothes actually required for a prisoner's use on discharge should be sent to a convict station, and even in this case only when the sentence is one of two years or under. Other property should be delivered to such friends as the prisoner may authorise to receive them.

Admission of Judges of Supreme Court.

139. Judges of the Supreme Court shall be admitted to any prison without order or permit between the hours of seven in the morning and eight at night; and any information they may require concerning the prison shall be promptly furnished.

The further right shall be reserved to the Government acting with the said Company to resume proprietorship of any portion of such lands and of the water supply thereof as may be required for the convenient working of mines or works for gold, silver, or precious stones, on payment of such sums of money in compensation as may be mutually agreed upon by the parties concerned, or failing such agreement, as may be determined by arbitration.

11. If any instalment shall not be paid within three months of the date on which it is due and payable an additional sum equal to one-fourth part thereof, by way of penalty, shall be added thereto, and shall, together with the instalment overdue, be recoverable at the suit of the Government in any competent Court.

These farms will be allotted subject to the condition that the Licencee shall not be allowed during the continuance of his licence to cut down or destroy any forest timber, or poles growing upon the land, except as shall be reasonably necessary for domestic purposes, and for the beneficial occupation of the land, but not for sale.

The Government reserves the right:—

(1) *To enter upon the farms "Bulcote," "Bedale," "Cullendale," "Dingwall," "Dartmoor," "Elsmere," "Eildon," "Ettrick," "Hartnolls," "Lyndoch," "Langar," "Vengrove" and "Westfield," and to sink, for the public use and benefit, wells or boreholes within 300 yards of any existing road without compensation to the Proprietor except for improvement on land so entered upon.*

(2) *To reserve or resume in connection with any such well or borehole:—*
   (*a*) *An extent of land falling within a radius of 150 feet around such well or borehole; and*
   (*b*) *An approach thereto not exceeding 50 feet in width without compensation to the Proprietor, except for improvements on the land so reserved or resumed.*

The plans and form of Licence Deed may be seen at the Offices of the Civil Commissioners at Vryburg, Mafeking, Kimberley, East London, Port Elizabeth, Graham's Town, and Queenstown, and Resident Magistrate, Kuruman, respectively, and at the Surveyor-General's Office, Cape Town.

All enquiries should be addressed to the Surveyor-General or to the Civil Commissioner of Vryburg.

The Purchase Price in each case includes cost of Survey and other expenses, but it should be understood that the farms have as yet only been surveyed roughly by compass, and that before titles can be issued by the Government, in terms of Section 9 of this notice, a further survey will have to be made for which the Licensee will be called upon to pay any charges which may be incurred for survey, in excess of those already included in the purchase amount of the lots advertised.

The Government does not guarantee that the extent alleged to be contained in the farms advertised by this notice are correct, and will not hold itself liable for any shortage which may eventually be found to exist, neither does it guarantee that the corner beacons which were placed in the original compass survey are still standing nor undertake to indicate their positions.

A. H. CORNISH-BOWDEN,
Surveyor-General.

[1038.] [1906.]

Office of the Surveyor-General,
Cape Town, 14th August, 1906.

IN terms of Section 4, Act 26 of 1891, as re-enacted by Act No. 18 of 1897, it is hereby notified that the following Pieces of Crown Land, situate in the Division of Calvinia, will be offered for Lease, by Public Auction, in front of the Civil Commissioner's Office, at Calvinia, at 10 o'clock a.m., on Tuesday, the 23rd October, 1906, subject to the Conditions and Stipulations hereinafter contained, and further to such Conditions as may be declared on the day of Sale.

The Land will be let on Lease for any term not less than one year and not exceeding five years, to the highest bidder.

The following are General Conditions of all such Leases:—

1. One year's rent shall be paid to the Civil Commissioner on the day of Sale, and if the term of the Lease shall exceed one year the due payment in advance of the rent for the subsequent year or years shall be secured by approved sureties; provided that the Civil Commissioner may receive two years' rent in advance, in which case the said security shall not be required.

2. The Government reserves the right of terminating the Lease should it be thought expedient to sell the land or other circumstances render it necessary or expedient at any time, at two months' notice; and in such case the proportion of paid rent for any unexpired portion of the current year shall be refunded to the Lessee.

3. Government Land Surveyors employed in the survey of Crown or other lands with their assistants and servants, shall have the right of access at any time to any part of the land leased for professional purposes, and the right of occupying any part of the land, and grazing and watering their cattle or horses on all pastures and at all waters.

4. All roads running over the land leased may be used by the public as cattle thoroughfares (trekpaths) to the extent of 200 yards on each side of such road.

5. The public travelling shall have the right of outspanning along any road running over the land so leased.

6. The right of searching and mining for ores, metals, minerals, or precious stones, is reserved to the Government or to any person authorised by it, save in so far as such right may limit the rights and privileges of the said Lessee in respect of precious stones and minerals, in manner provided by any Act in that behalf.

7. The Government does not undertake to point out any beacons. The description of each Lot will be given on the day of Sale of the Leases, and the Lessee will thereupon be expected to find the extent leased by him.

8. The Lessee shall not be at liberty to cut down timber, trees, underwood, or brushwood, except such as shall be reasonably necessary for his own use, in and upon the land leased by him.

9. The Lessee shall not be entitled at the expiration or other termination of his Lease, to any compensation for improvements made during the term of the Lease, but they shall become the property of the Government.

10. The Lessee shall be required to keep all existing improvements on the land in good repair during the Lease, and to deliver up the same in good repair, but shall not be entitled to any compensation for the same.

11. The Lessee shall not transfer the Lease or sublet the land or any portion of it, or any buildings or erections thereon, without the written sanction of the Government first obtained.

12. The Lessee shall wholly and absolutely forfeit his Lease upon the breach of any condition binding him.

13. The Government reserves to itself the right to limit the number of persons who may reside on the land hereby leased during the subsistence of the lease, and, upon the recommendation of the Divisional Council, after due enquiry made with cognisance of the Lessee, either to remove such numbers of persons as it may consider excessive or to cancel the lease as may seem to it equitable under the circumstances.

14. The occupation of land under this Lease shall not be held to be *bona fide* occupation under the provisions and for the purposes of Section 20 of Act No. 40 of 1895.

Other conditions may be declared on the day of Sale.

The Stamps required by Act No. 20 of 1884, to be affixed to the Contracts of Lease will be furnished by the Government free of charge to the Lessee.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887, zooals geamendeerd door artikels IV., V., en VI., van Wet No. 40 van 1895, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Erven bij publieke veiling te koop aangeboden zullen worden om 10 uur v.m., voor de Kantoren van de respektievelijke Resident Magistraten op de datums vermeld, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en de algemeene koop-condities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Te Libode, West Pondoland, op Zaterdag, 24 November 1906.

Te Elliotdale, in Tembuland, op Zaterdag, 24 November 1906.

Te Worcester, op Zaterdag, 1 December 1906.

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogste bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Mit dien verstande:

(i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.

(ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.

(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent. per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het oordeel van den Resident Magistraat goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot de betaling zich als borgen *in solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van excussie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk perceel en van den Grondbrief, nam., 12s. 3d., zullen aan den Resident Magistraat of andere ten dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

Indien de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent. per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van den datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geene waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

De Kaarten en Condities van Verkooping kunnen gezien worden ten kantore van den Landmeter-Generaal, Kaapstad, en ten kantore van de respektievelijke Resident Magistraten.

Landmeter-Generaals Kantoor,
Kaapstad, 14 Augustus 1906.

OVEREENKOMSTIG artikel 4, Wet 26 van 1891, als verder bekrachtigd door Wet 18 van 1897, wordt hiermede kennis gegeven dat de volgende stukken Kroonland, gelegen in de Afdeeling Calvinia, bij publieke opbod, te huur aangeboden worden zullen voor het kantoor van den Civielen Commissaris te Calvinia, om 10 uur 's voormiddags, op Dinsdag, den 23 October 1906, onderhevig aan de Voorwaarden en Bepalingen hierna te worden genoemd, en verder aan zulke condities als op den verkoopdag mogen vermeld worden.

De grond zal voor een termijn van niet minder dan een jaar en niet meer dan vijf jaren aan den hoogsten bieder verpacht worden.

De algemeene voorwaarden van de verpachting zijn als volgt:—

1. Een jaar huur zal den Civielen Commissaris op den dag der verpachting betaald worden, en als de pachttijd meer dan een jaar zal zijn, zal de gereedelijke betaling van de huursom vooruit voor het volgende jaar of de volgende jaren door goedgekeurde borgen verzekerd worden: mits echter dat de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2. De Regeering behoudt het recht de pacht te eindigen, mocht het dienstig geacht worden den grond te verkoopen of andere omstandigheden het te eeniger tijd noodig of dienstig maken, op twee maanden kennisgeving; en in zulk een geval zal de huur, betaald voor een nog niet afgeloopen deel van het loopende jaar, aan den huurder terugbetaald worden.

3. Gouvernements landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuurden grond voor professioneele doeleinden en het recht om eenig deel van het land te gebruiken en hun vee en paarden te weiden op alle weiden en water te geven uit alle waters.

4. Alle wegen over het gepachte land mogen door het publiek als vee paden (trekpaden) worden gebruikt ter breedte van 200 yards aan iederen kant van zoodanigen weg.

5. Het reizende publiek zal het recht hebben uit te spannen langs eenigen weg loopende over land aldus gepacht.

6. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden, behalve in zoo ver als zulk recht de rechten en privilegien van gezegde huurders ten opzichte van edelgesteente en delfstoffen moge beperken, als bepaald bij eenige wet te dien opzichte.

7. De Regeering neemt niet op zich eenige baken aan te wijzen. De beschrijving van het stuk grond zal op den pachtdag gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

8. De pachter heeft geen vrijheid boomen kreupel hout of rijshout te hakken of te vernietigen op het gepachte land behalve zooveel als hij redelijk noodig heeft voor eigen gebruik.

9. De huurder zal bij het vervallen of anderszins eindigen van den huur, geen aanspraak hebben op eenige vergoeding voor verbeteringen aangebracht gedurende den huurtijd, maar deze zullen het eigendom der Regeering worden.

10. De huurder zal alle bestaande verbeteringen op den grond gedurende den huurtijd in goeden staat moeten houden en die in goeden staat afleveren, maar zal niet gerechtigd zijn tot eenige vergoeding daarvoor.

11. De huurder zal den grond of eenig deel daarvan niet onder verhuren, of eenige gebouwen daarop, zonder dat eerst de schriftelijke vergunning de Regeering verkregen is.

12. De huurder zal zijn pacht geheel en volstrekt verliezen op het breken van eenige hem bindende voorwaarde.

13. De Regeering behoudt zichzelve het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om, op aanbeveling van den Civielen Commissaris na behoorlijk onderzoek ingesteld met medeweten van den huurder, hetzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

14. Het bewonen van grond onder deze huur zal niet beschouwd worden *bona-fide* occupatie te zijn onder de bepalingen en voor de doeleinden van artikel 20 van Wet No. 40 van 1895.

A. NOMINATION OF ELECTIVE MEMBERS.

Definition of terms.

1. Wherever the word "Regulations" appears in these Instructions, it shall mean the Regulations proclaimed by Proclamation No. 374, date 13th October, 1906.

Nominations: Date of receipt by Returning Officer and form of, in the case of *first elections*.

2. The date for the receipt by Returning Officers of nominations for elective members of School Boards will, *at the first elections*, be fixed by Proclamation issued under Section 4 of Act 35 of 1905, being not less than three (3) weeks after the date of the issue of such Proclaration, as provided in Section 11 of Act 35 of 1905. The nominations must be in writing, and must meet the requirements of paragraph 3 of the "Regulations."

Notice calling for nominations to be posted up and advertised.

3. Immediately on the issue of the Proclamation, instructing the Returning Officer to accept delivery of nominations, that officer shall proceed, as directed in the first part of paragraph 1 of the "Regulations" above referred to, to post up and advertise, in the form provided, the notice calling for nominations of members.

A copy of the notice shall also be completed and sent to the *Gazette* Editor, Colonial Secretary's Office, for publication in the *Gazette*.

Procedure as regards nominations in the case of *subsequent* elections.

4. *In the case of succeeding elections*, whether to fill casual vacancies or vacancies arising by effluxion of period of office, the date for the receipt of nominations will be fixed by proclamation in a similar manner, and the Returning Officer will proceed on the same lines as laid down in respect of *first elections*, using, however, the form of notice calling for nominations referred to in the second portion of paragraph 1 of the "Regulations."

Completion by candidates of nomination forms.

5. No nomination form shall be considered by the Returning Officer to be duly complete unless the requirements of paragraph 4 of the "Regulations" above referred to have been complied with.

Duty of Returning Officer when no poll necessary.

6. If the number of persons nominated as members be equal to the number or less than the number to be elected by the ratepayers the Returning Officer will proceed as directed in paragraph 5 of the "Regulations."

B. PERSONS ENTITLED TO VOTE.

Who entitled to vote at elections.

7. The persons entitled to vote at elections are those provided for in Sections 3, 4 and 5 of Act No. 25 of 1906, save and except such persons who may be disqualified in terms of Section 74 of Act No. 35 of 1905.

No. of votes voter entitled to record.

8. No voter shall be entitled to record more than one vote for each candidate, irrespective of his or her qualification as a voter, and no voter shall be entitled to record a vote for more candidates than the number which has to be elected.

Voter *must* vote in Ward in which he or she resides.

9. In the case of all elections whether for a Municipal or Divisional or Magisterial School District, the vote of every voter *must*, however, as provided in Section 11 of Act 35 of 1905, be recorded in the ward in which he or she resides.

Female voters.

10. Females desirous of voting must satisfy the polling officer that they possess the qualifications provided for in Section 5 of Act No. 25 of 1906, and must, in terms of the said section, hand to the polling officer a duly completed certificate, printed copies of which will be obtainable from Secretaries of Divisional Councils.

C. FIXING OF POLLING DAY.

Duty of Returning Officer when poll becomes necessary.

11. When the number of candidates nominated is greater than the number to be elected, the Returning Officer shall at once fix a day for the poll, as directed in paragraph 6 of the "Regulations," and publish within the prescribed time, the notice required by paragraph 7 of the "Regulations." This notice shall also be affixed by the Returning Officer in a conspicuous place at his office, and at the residence of each Field-cornet in the School District. In completing the form of notice required by paragraph 7 of the "Regulations," the Returning Officer should be careful to see that the *designation* as well as the name of the polling officer is given, whenever he is a Field-cornet, by placing the letters F.C. after the name.

A copy of this notice, duly completed, should also be at once sent to the *Gazette* Editor, Colonial Secretary's Office, for insertion in the *Government Gazette*.

D. FIXING OF POLLING PLACES AND APPOINTMENT OF POLLING OFFICERS.

Fixing of polling places and appointment of polling officers.

12. The method of polling shall be *by ballot* and shall *mutatis mutandis* be carried out as in Divisional Council elections.* It will, therefore, be necessary for the Returning Officer to fix the polling places and appoint the polling officers for the elections as is provided in this direction by Sections 36, 37 and 38 of Act No. 40 of 1889. In the case of *additional* polling places, it will be necessary to submit a description thereof to the Colonial Secretary for his approval.

Additional Polling places.

E. ARRANGEMENTS FOR TAKING THE POLL.

Posting of names of candidates at polling stations by means of printed form of notice of poll.

13. It will be observed that the 40th Section of Act 40 of 1889 directs the Returning Officer to deliver and transmit, not less than seven days before polling day, to the polling officer at each polling place, certain documents and papers for the purpose of taking polls. Amongst these provision is made for "A paper writing containing the names of the candidates nominated." It will not be necessary for Returning Officers to supply this "paper writing" to polling officers, as its place will be taken by the printed form of notice of poll, a sufficient number of copies of which will be supplied to Returning Officers. The duty of the polling officer in regard to the posting up of this notice of poll is laid down in paragraph No. 6 of the printed instructions to polling officers at School Board elections. The notice of poll supplied to each polling officer must be completed by the Returning Officer in every respect, ready to be *dated and signed* by the polling officer on its receipt by him.

Posting of notice of poll where polling officer does not reside at polling station.

It is very desirable and necessary that the notice of poll be posted at each polling place some days before the day fixed for taking the poll at such place. There may be cases, however, in which the polling officer does not reside at or near the polling place, and in that case it may be necessary for the polling officer to make a special journey to the polling place to post up the notice of poll before polling day. This might, in many cases, be an inconvenience.

*As proclaimed by Proclamation No. 3 of 1894.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

Posting of notice of poll at polling stations in anticipation of arrival of polling officer.

14. The inconvenience just described could be avoided in case the polling officer, after receiving from the Returning Officer the notice of poll, were able to cause it to be posted at the polling place, before and in anticipation of, his own arrival there. In such cases the Returning Officer should issue the necessary instructions to the polling officer that the notice of poll might be safely sent forward by him to some trustworthy person, with a request that he will fix it up securely, and without delay, in some conspicuous place at such polling place, for public information. By this means the polling officer will not be obliged to arrive at the polling place sooner than will be necessary to take the poll. The notice of poll, whether sent on by the polling officer to be posted by someone else, or posted by himself must be *dated and signed* by him in attestation of its genuineness.

Notice of poll must be signed and dated by polling officer.

Copy of *School Board Voter's Roll* to be supplied to polling officers.

15. The Returning Officer must furnish each polling officer with a certified copy of the *School Board Voter's Roll*, as provided in Act No. 25 of 1906, in respect of the whole of the School District.

Constables and assistants to polling officers to be appointed where necessary.

The Returning Officer will also arrange for the appointment of such constables as he may consider necessary at each polling place, but the employment of assistants is left to the discretion of the polling officer, as indicated in paragraph 1 of the printed Instructions to polling officers.

Articles to be supplied by Returning Officer to polling officer for purpose of taking the poll.

16. In addition to the above the Returning Officer shall, not less than seven (7) days before polling day, deliver or cause to be delivered to each polling officer the following articles:—

(*a*) A printed copy in the English and Dutch languages of the Instructions to polling officers at elections of members of School Boards.

(*b*) A ballot box so constructed that the ballot papers can be introduced therein but cannot be withdrawn without the box being unlocked.

(*c*) A sufficient number of ballot papers, each of which papers shall have a number printed on the back, and a counterfoil with a corresponding number on the face; shall contain a list of the candidates, with their descriptions, arranged alphabetically in the order of their surnames, and (if there are two or more candidates of the same surname) of their other names; and shall be in the form set forth in Schedule F of Act No. 9 of 1892.

(*d*) A sufficient number of papers in the same form, but of a different colour to be called "tendered ballot papers."

(*e*) A sufficient number of printed copies in the English and Dutch languages of the notice containing directions for the guidance of voters in voting.

(*f*) Implement for placing the secret official mark on ballot papers.

(*g*) Brass seal for sealing ballot box and packets of election documents, etc.

(*h*) Such other stationery and printed notices, etc., as may be necessary for the proper conduct of the election, such as:—Ballot pencils, stamping pads inked and ready for use, sealing wax, tape, string and brown paper.

Voting compartments to be sent where necessary.

17. The Returning Officer should obtain full information as to accommodation, etc., available at each polling place proposed to be appointed, with least possible delay, and in case a contest is probable, voting compartments, should be sent to places, where required, so as to arrive there in good time before the date fixed for the holding of the poll.

Screening off of portions of polling stations to provide voting compartments.

At some polling places it may be possible to arrange for the screening-off of portions of the polling place so as to provide the compartment or compartments for voting.

In cases, however, where this cannot be done, the Returning Officer will supply the folding compartments for the purpose.

Secret "official" mark: how despatched to polling officers.

18. The implement for placing the special mark on the ballot papers must be kept secret, and should be transmitted in a sealed packet, with other articles mentioned in Instruction No. 16. The polling officer should be informed that the parcel containing the stamp is on no account to be opened until the morning of the day fixed for the taking of the poll.

Special provisions as to duties of different polling officers; and as to additional polling officers and additional polling places.

19. The Returning Officer's attention is directed to the provisions of Sections 36 and 37 of Act 40 of 1889 as regards the taking of the poll, in certain cases, by the Resident Magistrate, the appointment of polling officers in lieu of or in addition to the Field-cornet, and the fixing of additional polling places.

F. Counting of Votes.

Receipt of *all* ballot boxes to be awaited. Candidates and their agents to be given notice of time, etc., of counting votes.

20. As soon as practicable after receiving *all* the ballot boxes the Returning Officer shall fix a time for counting the votes, and shall give notice of such time to the candidates or their agents, and each candidate may attend such counting personally or appoint in writing one agent to represent him.

Persons may be appointed to assist in counting.

21. The Returning Officer may appoint competent persons to assist him in counting the votes, but no person shall be appointed as such assistant who has been employed in or about the election by any other person.

Who may be present.

22. The Returning Officer, his assistants, the candidates or their agents, and no other person may be present at the counting of the votes.

Hours of counting.

23. The Returning Officer shall, so far as practicable, proceed continuously with counting the votes, allowing only time for refreshments and excluding (except so far as he and the candidates or their agents otherwise agree) the hours between seven o'clock at night and nine o'clock on the succeeding morning. During the excluded time the Returning Officer shall place the ballot papers and other documents relating to the election under his own seal and the seals of such candidates or agents as desire to affix their seals, and shall otherwise take proper precautions for the security of such papers and documents.

Counting of papers: method of procedure.

24. The Returning Officer shall unlock the ballot boxes and break the seals thereof in the presence of such candidates or agents as may be entitled to and may be present at the counting. The Returning Officer shall *before proceeding to count the votes*, open each ballot box separately, take out, count and record the number of ballot papers found therein, and then mix together the contents of all the ballot boxes returned from polling stations. The Returning Officer, while counting and recording the numbers of ballot papers and counting the votes, shall keep the ballot papers with their faces upwards, and take all proper precaution for preventing any person from seeing the numbers printed on the backs of such papers.

Record to be compared with ballot paper account before contents of all boxes are mixed.

25. Section 57 of the "Franchise and Ballot Act 1892" provides for this record being compared with the ballot paper accounts *after* completion of the counting, but it will, as a rule, be found more convenient to compare the number at once with the number recorded on the ballot paper account, thus obviating complications that might arise through a mistake occurring in counting the papers, which it would be difficult to trace after contents of all the boxes had been mixed.

Ballot papers to be counted and mixed before they are unfolded.

The papers will, as a rule, be found folded in the boxes. If they are counted and mixed before being unfolded the candidates and their agents will not be able to ascertain the number of votes given to any candidate at a particular polling place, as they could do if the provision of the law that *while counting and recording the number of ballot papers*, and counting the votes, the Returning Officer shall keep the ballot papers with their faces upwards, were strictly adhered to.

G. Deciding Objections to Ballot Papers.

Returning Officer to decide on doubtful ballot papers.

26. The duty of deciding on doubtful ballot papers is imposed on the Returning Officer, and his decision as to any question arising in respect of any ballot paper is final.

Digitized by Google

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

Decision, effect of.

27. The following reasons shall justify the Returning Officer in rejecting any ballot paper, and he shall reject such paper accordingly :—

(1) Want of official mark.
(2) Giving more votes than entitled to.
(3) Writing or mark by which voter could be identified.
(4) Unmarked, or void for uncertainty.

Invalid papers to be endorsed "rejected."

The Returning Officer shall endorse "rejected" on any ballot paper which he may reject as invalid, and shall add to the endorsement "rejection objected to," if an objection be in fact made to his decision by any candidate or agent, and the Returning Officer shall, on completion of the counting, seal up in separate packets the accepted and rejected papers.

H. Declaration of Result of Poll and Disposal of Papers.

Result of poll to be communicated to Superintendent-General of Education.

28. On the completion of counting the Returning Officer shall communicate the results at once to the Superintendent-General of Education, along with the completed nomination forms.

Disposal of papers.

29. All the documents sent in by polling officers relating to an election shall afterwards be made up into properly labelled parcels and sealed by the Returning Officer, who shall retain them for a period of one year, when they shall be destroyed, unless otherwise ordered. The sealed packets of ballot and tendered ballot papers and counterfoils of ballot papers shall not be opened except by order of a Judge of the Supreme Court, and no person shall be allowed to inspect any counted ballot papers, the counterfoils of ballot papers, the tendered ballot papers or the rejected ballot papers except by order as above.

I. Expenses of the Elections.

Returning Officer's duty in regard to expenses of election.

30 The legitimate expenses of the first and of all subsequent elections shall be paid as provided for in Section 15 of Act No. 35 of 1905.

If any person misconducts himself or herself in any polling station, or fails to obey the lawful order of the poling officer, he or she may immediately, by order of the polling officer, be removed from the polling station by any constable or any other person authorised by the polling officer to remove him or her; and the person so removed shall not, unless with the permission of the polling officer, again be allowed to enter the polling station during that day.

Any person so removed as aforesaid, if charged with the commission in such station of any offence, may be kept in custody until he or she can be brought before the Resident Magistrate of the district.

Provided that the powers conferred by this regulation shall not be exercised so as to prevent any voter otherwise qualified to vote at such station from recording his or her vote at such station.

C.—Identification of Voters.

Identification of voters.

25. When any person comes to vote, the polling officer shall ascertain if he or she is a person qualified to vote at that polling place.

Certain errors in spelling, &c., in the voters' list or omission from the voters' list of one or more of the Christian names of voters not to debar voter from voting if identity and right of voter to record his vote is established.

26. The polling officer shall, *in the case of a male voter*, see that such a person is a voter named upon the list of voters received by him from the Returning Officer; provided that when and as often as the identity of any voter shall be established, and it shall be made to appear to the polling officer that he is really and truly the person meant by the name upon the said list, no omission in the name upon the list of one or more of the Christian names of such voter, and no error in the spelling of any Christian name or surname of such voter, whether the error be in the spelling of the name upon the list, or in the spelling of the name by the voter, shall destroy or affect the validity of any vote, so long as the surname as written by or for the voter, shall be of the same sound with the surname upon the list, or so long as the surname as written by or for the voter, although not of the same sound with the surname upon the list, shall be a known corruption of that surname or the name upon the list shall be a known corruption of the surname as written by or for the voter.

Questions which may be put by polling officer to person tendering vote and which must be duly answered when put.

27. At any election, whether for a Municipal or Divisional or Magisterial School District, the polling officer shall, if he sees fit or if required to do so by any candidate or his duly authorised agent, put to the person tendering his vote any of the questions following:—

(2) Are you the person whose name appears upon the list of voters received from the Returning Officer of this Municipal or Divisional or Magisterial School District for the purposes of this election?

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

(3) Have you already voted at this election for members of the School Board for this Municipal or Divisional or Magisterial School District?

and no person who shall refuse to answer any such questions or who shall not answer the first and second of such questions absolutely in the affirmative, and the third of such questions absolutely in the negative shall be entitled or permitted to vote.

Female Voters. *It should be noted, however, that any female over the age of 21 who possesses landed property appearing on the Divisional Council Books in her name, shall be entitled to obtain from any Divisional Council Secretary a Certificate free of charge, signed by the said Secretary, showing that the said property is situate within any Ward in the Division under the jurisdiction of the Divisional Council applied to, and on production of such Certificate, which shall be retained by the Polling Officer, any Polling Officer shall allow the said female to vote at the Municipal or Divisional or Magisterial School District Election if he is satisfied that the property so certified to is situate within the Ward for which such Polling Officer is conducting the election and that the said female is personally occupying the said property. The Polling Officer shall also ask such female voter questions* (1) *and* (3) *above and, if he is satisfied with the proofs produced and the answers made, he shall proceed to take the vote of the female voter as directed in paragraph* 29b *of these instructions.*

No voter required to answer other questions than the three (3) prescribed, and if prescribed questions answered satisfactorily voter to be entitled to vote

28. No voter, *being a male voter*, shall at any election, whether for a Municipal or Divisional or Magisterial School District, be required to answer any questions except as aforesaid, and no such person claiming to vote at any election shall be excluded from voting except by reason of its appearing to the polling officer upon putting any of such three (3) questions allowed as aforesaid:

(*a*) That the voter does not reside in the ward in which he claims to record his vote;

or (*b*) That the voter is not the person whose name appears on the voters' list;

or (*c*) That the voter has previously voted at the same election:

or (*d*) Except by reason of such person refusing to answer any of the said three (3) questions.

It should be noted that the same provisos apply to female voters claiming to vote, except as regards (*b*), *since the names of females will not appear on the certified voters' list supplied to the polling officer by the Returning Officer, and the polling officer will therefore deal with such female voters as specially directed.*

D. Taking of Vote.

Procedure before handing ballot paper to voter.

29. The polling officer, having satisfied himself that the person presenting himself or herself is entitled to vote, shall within the polling station:—

(*A*) *When voter's name appears in voters' list.*

Voter's No. on voters' list to be entered on *counterfoil* of ballot paper.

1st. Enter the voter's number on the counterfoil of the ballot paper;

2nd. Place a mark on the list of voters against the number of the voter to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received;

Ballot paper to be marked on *both* sides with the "official mark."

3rd. Tear off the ballot paper and mark it on both sides with the official mark, in the blank space on the left-hand side, taking especial care that each ballot paper is stamped separately and distinctly, and that the mark is visible on *both* sides of the ballot paper (*want of attention in these respects may render the polling officer liable to the candidate who suffers thereby*) and also taking care that the ballot paper is not stamped upon or over the space on the right hand side left for the voter's mark, and will then hand the ballot paper to the voter. Each ballot paper should be folded, in fourfold, lengthwise and crosswise, and be opened again before delivering it to the voter. Care must be taken that one ballot paper only is detached at a time, and that one ballot paper only is given to each voter. *No mark of any kind is to be put upon the ballot paper by the polling officer except the "official" mark, and none upon the counterfoil except the number of the voter as given in the voters' list.*

(*B*) *When the voter is a female.*

1st. Add the full name, address and qualification of the voter to the voters' list supplied by the Returning Officer.

2nd. Assign a number on the voters' list to the voter thus added to such voters' list by giving the voter an a, b, or c, etc., number next after the number appearing against the *last voter on the voters' list for his ward;* thus if the *last voter on the voters' list for his ward* were, for example, numbered 50, the polling officer would assign to voters added by him to the list No. 50a, 50b, 50c, 50d, 50e, 50f, and so on as required.

3rd. Having added the voters' name to the voters' list and assigned a number to the voter as above directed, the polling officer will proceed to take the voter's vote in exactly the same manner as is prescribed above in the case where a voter's name already appears in the voters' list, *retaining the certificate handed in by the voter.*

Ballot papers to be used consecutively.

30. The polling officer will use the stamping instrument (the "official" mark) carefully and will use the ballot papers in the book consecutively.

How voter should mark ballot paper.

31. The voter having received his or her ballot paper, must proceed at once to one of the compartments, there secretly place on his or her ballot paper on the right hand side opposite the name or names of the candidate or candidates for whom he or she wishes to vote × for each vote he or she is allowed to give and intends to use; fold up the ballot paper so as to conceal the mark which he or she has made, *but so as to leave the official mark visible on the back*, and take it so folded (without showing the front of the paper to any person) to the polling officer himself (not to a clerk) show him the official mark on the back, place the ballot paper in the ballot box, and immediately leave the station

"Official mark" on back to be shown polling officer before ballot paper is placed in box.

What assistance polling officer may give a voter.

32. The polling officer may not give the voter any assistance or explanation beyond (1) directing him or her to the compartment allotted to him or her; (2) informing him or her that directions for his or her guidance are posted there: (3) instructing him or her on his or her return from the compartment as to the manner in which paper is to be folded and placed in the box. *It is important that the rule on this point be strictly observed.*

Ballot paper inadvertently spoilt to be returned to polling officer.

33. A voter who has inadvertently dealt with his or her ballot paper in such a manner that it cannot be conveniently used as a ballot paper may, on delivering to the polling officer the ballot paper so inadvertently dealt with, and proving the fact of the inadvertence to the satisfaction of the polling officer, obtain another ballot paper in the place of the ballot paper so delivered up (in these Instructions called a spoilt ballot paper), and the spoilt ballot paper shall be immediately cancelled, and the fact of such cancellation shall be noted upon the counterfoil.

Voter may not take ballot paper out of polling station.

34. A voter having received a ballot paper from the polling officer shall not be permitted to quit the polling station or pass out of the view of the polling officer, except to enter the compartment for voting allotted to him or her by the polling officer for the purpose of marking his or her paper, until he or she has placed his or her paper in the ballot box or returned it to the polling officer as a spoilt ballot paper in accordance with Instruction 33.

Who can have their votes marked by polling officer.

35. The polling officer, on the application of any voter who is incapacitated by blindness or other physical cause from voting in manner laid down in these Instructions, shall, in the

presence of the agents of the candidates, cause the vote of such voter to be marked on a ballot paper in manner directed by such voter, and the ballot paper to be placed in the ballot box; and the name and number on the list of voters of every voter whose vote is marked in pursuance of this instruction and the reason why it is so marked shall be entered on a list, in these Instructions called "the list of votes marked by the polling officer."

Voters protested against for personation.

36. If at the time any person tenders his or her vote, or after he or she has voted, and before he or she leaves the polling station, any candidate or duly appointed agent shall declare to the polling officer that he verily believes, and undertakes to prove, that the person in whose name he or she assumes to vote, the polling officer shall not refuse to receive the vote of such person, but shall note on the counterfoil of the ballot paper given to such person and also against his or her name in the voters' list the words "protested against for personation."

Tendered ballot papers (blue): to whom to be given.

37. If a person representing himself or herself to be a particular voter applies for a ballot paper after another person has voted as such voter, the applicant shall, upon duly answering the questions permitted to be put to a voter by Section 27 of these instructions, be permitted to mark a ballot paper (or have a ballot paper marked for him or her in accordance with Instruction 35) in the same manner as any other voter: but the ballot paper (in these Instructions called a "tendered ballot paper") shall be of a colour differing from the other ballot papers, and, instead of being put into the ballot box, shall be given to the polling officer and endorsed by him with the name of the voter and his or her number in the list of voters and set aside in a separate packet. And the name of the voter and his or her number on the voters' list shall be entered on a list, in these instructions called "the tendered votes list."

Adjournment of poll in case of interruption or obstruction at any polling place.

38. Whenever it shall be necessary in accordance with Section 50 of Act No. 40 of 1889 to adjourn the taking of the poll, the polling officer shall, immediately upon such adjournment, seal up the ballot box so that no papers can be admitted into it, and shall place the unused ballot papers, the spoilt ballot papers, and the tendered ballot papers, and the marked copy of the voters' list in a packet, closed and sealed, and any candidates or their duly appointed agents who may be present at the time of such adjournment may place their seals upon the box and the said packet; and the said seals shall be removed and the said packet re-opened at the re-opening of the poll and not sooner, and in the presence of such candidates or duly appointed agents as may desire to be present.

E. Close of the Poll.

Aperture in ballot box to be sealed up immediately poll closes.

39. The poll closes at five p.m. At that hour precisely, or as soon after as all voters then in the polling place have deposited their papers in the box, the polling officer will cover over the opening in, and seal up, the ballot box, so as to prevent the introduction of additional ballot papers. This is done by drawing the slide over the opening in the box, and sealing the tape in the hollow through which it comes. *When doing this care must be taken that the sealing wax does not drop through the hole into the box.* Should the agents desire to seal the tape, it can be laid on top of the box and sealed thereon.

No ballot papers to be given out after 5 p.m. except in certain cases.

40. The polling officer will not give out any ballot paper after five p.m. except to voters who have been admitted to the polling station before that hour, and such voters shall be allowed to mark and deposit their ballot papers in the ballot box.

Who may remain in polling station when polling officer makes out ballot paper account; seals the aperture of the ballot box; and

41. The polling officer will clear the station of all persons except his assistants, such of the candidates and their agents as desire to remain, and such constables on duty as he deems it desirable to retain inside the station. He will then fill up and sign a statement, showing the number of ballot papers entrusted to him, and accounting for them under the heads of (1) ballot papers in ballot box, (2) unused ballot papers, (3) spoilt ballot papers, and (4) tendered ballot papers, which statement is in these Instructions referred to as "the ballot paper account," and in the presence of such of the candidates or their duly appointed agents as are present at the close of the poll, make up into separate packets,

prepares the various sealed packets for despatch to the Returning Officer.

(1) The ballot box in use at his station unopened, but with the key enclosed in a sealed envelope attached, and the opening covered, and the top attached to the slide sealed.
(2) (*a*) The unused ballot papers (*b*) the *unused* tendered ballot papers, and (*c*) the *spoilt* ballot papers, all placed together in one packet.
(3) The tendered ballot papers used.
(4) The marked copies of the list of voters.
(5) The counterfoils of the ordinary and tendered ballot papers used.
(6) The "tendered votes list," the list of votes marked by the polling officer and a statement of the numbers of the voters whose votes are so marked by the polling officer under the heads of "blindness" or "physical incapacity";

and the polling officer shall deliver, or cause to be delivered, such packets to the Returning Officer. Any candidate or duly appointed agent, present at the close of the poll, may, if he desire it, seal each of such packets.

For the purpose of separating the counterfoils of the used ballot papers from the unused counterfoils and unused ballot papers, the polling officer will cut any partly used book of ballot papers.

42. The polling officer will also make up into separate packets, and seal: —

(7) The ballot paper account.
(8) All unused forms, paper and stationery, etc., supplied to his station, except those referred to in paragraph 41 (2).
(9) The secret official mark; this should be placed in a sealed envelope, marked as such.

Nine (9) sealed packets altogether to be sent by polling officer to Returning Officer.

43. The above three (3) packets should be sent or conveyed together with the other six (6) packets, specified in paragraph 41, by the polling officer with the least possible delay to the Returning Officer.

44. Care should be taken by the polling officer that his nine (9) packets are made up strictly in conformity with the above Instructions.

Brass seal to be returned to Returning Officer.

After the polling officer has sealed all the nine (9) packets, the *brass seal*, supplied to him by the Returning Officer, should also be made up in a packet, *marked as such*, and returned to the Returning Officer.

His Excellency the Governor, with the advice of the Executive Council, has been pleased, in terms of Section 14 of Act 32 of 1892, to approve of the cancellation of parapraphs 45 and 46 of "Rules and Regulations for the Cape Mounted Riflemen, 1904," and the substitution of the following:—

Deceased Members.

45. Whenever a Warrant Officer, Non-commissioned Officer or Private of the Regiment dies, the Squadron Commander will forward to the Paymaster, C.M.R., a death notice on Form G.271 (in addition to the notification of death made to the local authorities); he will forward, further, a statement of account, inventory of effects, particulars of sale of effects, and any balance due to the deceased, together with all claims filed against the estate. The regimental clothing of deceased members will be sold by auction to members of the Regiment only. A balance sheet will be rendered by the Paymaster to the Master of the Supreme Court of the Colony within three (3) months of date of death, and any balance credit will be paid to the Guardian Fund, for the benefit of the next-of-kin.

Members discharged for Misconduct.

46. Should any member of the Regiment be dismissed for misconduct, it shall be lawful for the Officer Commanding, or other Officer empowered by him for that purpose, to retain and sell by public auction such private property of which the man may be possessed as will be sufficient to liquidate any balance due in respect of public and regimental debts not covered by pay and sale of the man's Regimental clothing. The Regimental clothing of men dismissed for misconduct will be sold by auction to members of the Regiment only, and proceeds of sale will be available for adjustment of public and regimental debts should pay not be sufficient for this purpose; any balance will be paid over to the man, less cost of a suit of plain clothes, should it be necessary for the same to be supplied by Government.

Should any member of the Regiment desert, it shall be lawful for the Commanding Officer, or other Officer of the Regiment empowered by him for that purpose, to sell by auction such private property and Regimental clothing as may have been left by the deserter (Regimental clothing to be sold to members of the Regiment only), proceeds of such sale, together with pay due up to the day preceding the act of desertion, will be available for the liquidation of public and Regimental debts of the deserter. No private claims against the deserter will be dealt with. The Squadron Commander will render a statement of accounts to the Paymaster within three (3) months of date of desertion, together with any balance to credit, which will be deposited to credit of the Sinking Fund under Act 12 of 1900.

"The Higher Grant may also be claimed for Cadets who have served continuously between the ages of 15 and 17 years in a Cadet Company of a Volunteer Corps, and for Cadets who have served in a School Cadet Corps continuously for two years after reaching the age of 15, provided they attend the number of drills required under paragraph 143; but members of a Cadet Company enrolling in a Volunteer Corps, other than that to which they belong, and School Cadets, must on joining produce a certificate from their previous Corps, that they have complied with the foregoing conditions."

In "Appendix XIV."—After "extra" in line 9 insert as separate line: "Regimental Sergt.-Major 9s. per diem."

(Executive Council Minute No. 2/2559 of 3rd October, 1906.)

Paragraph 449.—After "rifle" in line 14, add: "or carbine," and in line 17 after "rifle," add "or carbine."

Add after paragraph 449, as 449a:—

"The Class Firing Course for Cadets armed with the M.E. Carbine will be as follows:—

7 rounds at 100 yards.
7 rounds at 200 yards.
7 rounds at 300 yards.

Any Military position.

Cadets making 30 points and under 45 will be classed as Second Class Shots, 45 and under 60 points as First Class Shots; those making 60 points and over will be classed as Marksmen."

(Executive Council Minute No. 2/2561 of the 3rd October, 1906.)

Add after paragraph 504:—

"REGULATIONS FOR CADET COMPANIES OF VOLUNTEER CORPS."

"PART IX. CADET COMPANIES."

"505. Cadet Companies of Volunteer Corps are formed of youths who have left school and are between the ages of 14 and 17 years.

506. Cadet Companies will be administered by the Officer Commanding the Volunteer Corps to which they belong.

507. The Officers of a Cadet Company will be selected from the Officers of its Volunteer Corps.

508. The members of a Cadet Company of a Volunteer Corps are not enrolled for service, and will not be required to take the oath prescribed for Volunteers on attestation.

509. The establishment of a Cadet Company will be that of a Company of its Volunteer Corps. No Company is to consist of less than 50 or more than 100.

510. Cadet Companies will be supplied with M.E. Carbines and ammunition at the rate of 30 rounds blank and 75 rounds ball per Cadet per half year; no fresh issue will, however, be made on account of any Cadet who during his second and subsequent half-year does not fire at least 21 rounds at Class Firing during the half-year for which the ammunition was sanctioned. In the first half-year of his service a Cadet may expend the whole of the 75 rounds of ball ammunition in practice; any of these rounds, however, not so expended during his first half-year, must be counted in as part of the 75 rounds to which he becomes entitled in his second half-year.

511. Capitation Grant at the rate of £1 per half-year will be allowed for all Cadets who attend the required number of drills as laid down in paragraphs 140, 141, 142 and 143 of the Volunteer Regulations. The sum of 5s., however, will be deducted from the Capitation Grant of Cadets who have not, in their second and subsequent half-year, fired the Musketry Course for Cadets, and no grant can be claimed for a Cadet who does not make 30 points in the Musketry Course.

512. The uniform to be worn will be that of the Volunteer Corps to which the Company belongs, with the letter "C" on the shoulder strap, in the case of the rank and file. The extent to which Full Dress Uniform is allowed will be left to the discretion of the Commanding Officer. First issue to Cadets must be of Service Dress.

513. The permission of parents or guardians and any employers to whom apprentices are indentured will in every case be obtained before youths are permitted to join the Company.

514. Before a Cadet is permitted to join a Company an agreement of responsibility for the Arms, Clothing, and Equipment to be issued to the Cadet must be signed by the parent or guardian. For form of agreement see Appendix XXI.

515. Cadets who have served in a Cadet Company of a Volunteer Corps continuously between the ages of 15 and 17 years, and School Cadets who have served continuously as such for two years after reaching the age of 15 years, will be regarded as trained men for the purpose of earning Capitation Grant only, under paragraph 356a."

Every applicant at the time of making application shall deposit with the Civil Commissioner of the Division in which such land is situate a sum equal to one-twentieth of the value of such land, and of the survey and other expenses connected therewith, and in the event of his neglecting or refusing to take up the land so applied for, if allotted to him, the said sum shall be absolutely forfeited to the Government: Provided that in the case of the ground applied for not being allotted to him, the amount of his deposit shall be returned to him forthwith.

5. Any British subject of full age may be allotted land under the provisions of this Notice, but no person who is the registered owner of any land other than urban property within the Colony, and no person who has at the time of application made any arrangement or agreement to permit any other person to acquire by purchase or otherwise the land so applied for shall be allotted land, and no person shall be capable of receiving more than one allotment under these provisions.

6. The Minister shall issue to the successful applicant a licence to hold the land applied for on the following terms and conditions :

(*a*) The licence shall be for five years, reckoned from the next first July, or first January following the date of licence, but occupation may commence immediately the Licence deed is issued.

(*b*) The yearly payment in respect of such licence shall be equal to one-twentieth the price fixed for the land so held, together with one-twentieth of the survey and other expenses on such land, and shall be paid in advance.

(*c*) The deposit paid at the time of application shall be in discharge of the amount due on the next first day of January or July, as the case may be.

(*d*) The person to whom such licence is issued shall, within six months of the issue of his licence, personally occupy the land allotted to him, and shall continue so to occupy such land except as hereinafter provided, for the term of five years, or until he shall obtain a title to such land.

(*e*) No substitution whatever will be allowed during the period of the licence, unless the applicant shall have notified to the Civil Commissioner, when submitting his application for the farm, in terms of Section I of this notice, that he desires to occupy by substitute, and shall at the same time have submitted, in writing, the name of the proposed substitute for the consideration and approval of the Land Board.

Occupation by substitutes other than those approved of as above will not be permitted, and in no case will occupation by substitute be allowed for more than two years during the whole term of the licence.

7. No land held under the provisions of this Notice shall be transferable during the currency of the licence mentioned in the clause next preceding, except with the previous consent of the Government.

8. In the event of any failure during the currency of the licence to perform the condition of occupation the Minister may declare the licence absolutely forfeited and the land in respect of which the licence is issued shall revert to Government: Provided that if it is proved to the satisfaction of the Minister that the failure to occupy was caused by drought, or some other cause deemed sufficient by the Minister, he may excuse such failure, but such excuse shall not be given for a period of more than twelve months unless such cause subsists for a longer period.

9. At the expiration of the five years for which any licence is granted, and if the Minister is satisfied that the conditions therein contained have been duly fulfilled, he shall cause to be issued to the licensee a title deed to the land held and occupied by him on quitrent tenure at an annual quitrent equal to the yearly licence fee, which quitrent shall cease to be payable when twenty instalments (20) in all, equivalent to the purchase price of the land, have been paid.

10. The title deed will be subject to the following general conditions, and to such special conditions as may be considered expedient, viz. :—

(*a*) All roads and thoroughfare being or existing on the land, whether described in the diagram or not, shall remain free and uninterrupted; unless the same be closed or altered by competent authority.

(*b*) If at any time it should appear to the Governor upon petition of any adjacent or neighbouring proprietor that such adjacent or neighbouring proprietor requires a way or road of necessity to or from the land of such adjacent or neighbouring proprietor, the owner of land so granted, upon which such road is required, shall be bound to grant such way or road of necessity, and to point out the direction and width thereof: Provided that in case of a dispute or difference regarding such road, or its sufficiency, the direction and width of the road shall be decided upon by the Divisional Council of the Division in which the land is situated: Provided further that the said owner shall not be bound to allow such road or thoroughfare across land which shall at the time be in a state of cultivation or improvement, and that compensation for the right of way and any damage done shall be paid for by the person or persons for whose benefit and upon whose application the said road is made according to determination by arbitration.

(*c*) The Governor shall at all times have the right to make roads, railways, dams, aqueducts, drains, and to conduct telegraphs over the land for the benefit of the public, and to take materials for these purposes, also to establish convenient outspans for the use of travellers, on payment to the proprietors of such sum of money as compensation as may be determined by arbitration: Provided that the arbitrators may set off against the loss or damage caused to the proprietor, the benefit, instant or prospective, which he shall or may derive in consequence of the construction of any of the said works.

6. MINISTERIAL DIVISION OF SECRETARY FOR AGRICULTURE.

(*d*) The Governor shall at all times have the right of resuming the whole or a portion of the land hereby granted, if required for public purposes, on payment to the proprietor of such sum of money in compensation as may be mutually agreed upon by the parties concerned, or, failing such agreement, as may be determined by arbitration.

(*c*) All rights to gold, silver, and precious stones found or discovered at any time on or in the land so granted, shall be reserved to the Government conjointly with the Rhodesia Railways Ltd., together with a right of ingress to and egress from any mines or works undertaken for mining or prospecting purposes by any person or persons authorised by the Government. The further right shall be reserved to the Government acting with the said Company to resume proprietorship of any portion of such lands and of the water supply thereof as may be required for the convenient working of mines or works for gold, silver, or precious stones, on payment of such sums of money in compensation as may be mutually agreed upon by the parties concerned, or failing such agreement, as may be determined by arbitration.

11. If any instalment shall not be paid within three months of the date on which it is due and payable an additional sum equal to one-fourth part thereof, by way of penalty, shall be added thereto, and shall, together with the instalment overdue, be recoverable at the suit of the Government in any competent Court.

These farms will be allotted subject to the condition that the Licencee shall not be allowed during the continuance of his licence to cut down or destroy any forest timber, or poles growing upon the land, except as shall be reasonably necessary for domestic purposes, and for the beneficial occupation of the land, but not for sale.

The Government reserves the right:—

(1) *To enter upon the farms "Bulcote," "Bedale," "Cullendale," "Dingwall," "Dartmoor," "Elsmere," "Eildon," "Ettrick," "Hartnolls," "Lyndoch," "Langar," "Vengrove" and "Westfield," and to sink, for the public use and benefit, wells or boreholes within 300 yards of any existing road without compensation to the Proprietor except for improvement on land so entered upon.*

(2) *To reserve or resume in connection with any such well or borehole*:—
   (*a*) *An extent of land falling within a radius of 150 feet around such well or borehole; and*
   (*b*) *An approach thereto not exceeding 50 feet in width without compensation to the Proprietor, except for improvements on the land so reserved or resumed.*

The plans and form of Licence Deed may be seen at the Offices of the Civil Commissioners at Vryburg, Mafeking, Kimberley, East London, Port Elizabeth, Graham's Town, and Queenstown, and Resident Magistrate, Kuruman, respectively, and at the Surveyor-General's Office, Cape Town.

All enquiries should be addressed to the Surveyor-General or to the Civil Commissioner of Vryburg.

The Purchase Price in each case includes cost of Survey and other expenses, but it should be understood that the farms have as yet only been surveyed roughly by compass, and that before titles can be issued by the Government, in terms of Section 9 of this notice, a further survey will have to be made for which the Licensee will be called upon to pay any charges which may be incurred for survey, in excess of those already included in the purchase amount of the lots advertised.

The Government does not guarantee that the extent alleged to be contained in the farms advertised by this notice are correct, and will not hold itself liable for any shortage which may eventually be found to exist, neither does it guarantee that the corner beacons which were placed in the original compass survey are still standing nor undertake to indicate their positions.

Surveyor-General.

IN terms of Section II, Act No. 15 of 1887, as amended by Sections IV, V and VI of Act No. 40 of 1895, it is hereby notified for general information that the following erven will be offered for sale, by Public Auction, in front of the Offices of the respective Civil Commissioners, at 10 o'clock a.m., on the dates specified subject to the conditions and stipulations in the above Act, and in the General Conditions of Sale set forth, and further to such Conditions as may be declared on the day of Sale.

AT HERSCHEL, on Saturday, 8th December, 1906.

AT QUEENSTOWN, on Saturday, 22nd December, 1906.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

(i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

(ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.

(iii) That if the amount paid on the day of sale be one-tenth or any sum between one-tenth and one-fifth of the purchase price, the balance of one-fifth of the purchase price shall be paid at the expiration of twelve months from the day of sale.

(iv) In cases where the purchase-money is less than twenty-five pounds, the whole amount shall be paid in cash, or in equal instalments extending over a period of three years.

Interest on the instalments above mentioned shall be paid at the rate of four per centum per annum; and the payments of the instalments, together with the interest thereon, shall be secured on the day of sale by two good and sufficient sureties to the satisfaction of the Civil Commissioner, which sureties will bind themselves in regard to such payments as sureties *in solidum* and co-principal debtors, renouncing the exceptions of excussion and division.

If the purchaser or his sureties fail, or are unable to make the necessary payments of purchase money as above within the stipulated time, it shall be competent for the Government to cancel the sale, and all payments already made in respect of such sale shall be forfeited to the Government.

The expenses of Survey on each Lot and of the Title Deed (viz., 12s. 3d.) shall be paid to the Civil Commissioner, or other duly authorised person in that behalf on the day of sale.

In the event of the purchase price being £25 or more, the purchaser shall be bound to pass a mortgage bond bearing interest at the rate of four per centum per annum in favour of the Government for four-fifths of the purchase price, unless he shall have paid on the day of sale more than one-fifth thereof, in which case the amount of the bond shall be for the balance of the purchase price, the purchaser having the right to pay off the bond or any portion thereof, not being less than fifty pounds at any time.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the Bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

Lot 8.186, *Herschel, will be sold for residential purposes only, and no trading or other business will be permitted on the stand.*

Het Gouvernement geeft geen waarborg dat de grootte die verondersteld wordt te zijn vervat in de plaatsen geadverteerd in deze kennisgeving juist is, en houdt zich niet aansprakelijk voor eenig tekort dat gevonden moge worden te bestaan, evenmin waarborgt het dat de hoek bakens die geplaatst werden in de oorspronkelijke kompas opmeting nog staan, en neemt ook niet op zich om dezelve aan te wijzen.

Landmeter-Generaals Kantoor,
Kaapstad, 29 Augustus 1906.

OVEREENKOMSTIG artikel 4, Wet 26 van 1891, als verder bekrachtigd door Wet 18 van 1897 wordt hiermede kennis gegeven dat de volgende stukken Kroonland, gelegen in de Afdeeling Peddie, bij publieke opbod, te huur aangeboden worden zullen voor het kantoor van den Civielen Commissaris te Peddie, om 10 uur 's voormiddags, op Zaterdag, den 3 November 1906, onderhevig aan de Voorwaarden en Bepalingen hierna te worden genoemd, en verder aan zulke condities als op den verkoopdag mogen vermeld worden.

De grond zal voor een termijn van niet minder, dan een jaar en niet meer dan vijf jaren aan den hoogsten bieder verpacht worden.

De algemeene voorwaarden van de verpachting zijn als volgt:—

1. Een jaar huur zal den Civielen Commissaris op den dag der verpachting betaald worden, en als de pachttijd meer dan een jaar zal zijn, zal de gereedelijke betaling van de huursom vooruit voor het volgende jaar of de volgende jaren door goedgekeurde borgen verzekerd worden: mits echter dat de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2. De Regeering behoudt het recht de pacht te eindigen, mocht het dienstig geacht worden den grond te verkoopen of andere omstandigheden het te eeniger tijd noodig of dienstig maken, op twee maanden kennisgeving; en in zulk een geval zal de huur, betaald voor een nog niet af geloopen deel van het loopende jaar, aan den huurder terugbetaald worden.

3. Gelicentieerde landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuurden grond voor professioneele doeleinden.

4. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden, behalve in zoo ver als zulk recht de rechten en privilegien van gezegde huurders ten opzichte van edelgesteenten en delfstoffen moge beperken, als bepaald bij eenige wet te dien opzichte.

5. De Regeering neemt niet op zich eenige baken aan te wijzen. De beschrijving van het stuk grond zal op den pachtdag gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

6. De huurder zal bij het vervallen of anderszins eindigen van den huur, geen aanspraak hebben op eenige vergoeding voor verbeteringen aangebracht gedurende den huurtijd, maar deze zullen het eigendom der Regeering worden.

7. De huurder zal alle bestaande verbeteringen op den ground gedurende den huurtijd in goeden staat moeten houden en die in goeden staat afleveren, maar zal niet gerechtigd zijn tot eenige vergoeding daarvoor.

8. De huurder zal de pacht niet overdragen, of den grond of eenig deel daarvan onder verhuren, of eenige gebouwen daarop, zonder dat eerst de schriftelijke vergunning der Regeering verkregen is.

9. De huurder zal zijn pacht geheel en volstrekt verliezen op het breken van eenige hem bindende voorwaarde.

10. De Regeering behoudt zichzelve het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om, op aanbeveling van den Afdeelingsraad na behoorlijk onderzoek ingesteld met medeweten van den huurder, hetzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

11. Het bewonen van grond onder deze huur zal niet beschouwd worden *bona-fide* occupatie te zijn onder de bepalingen en voor de doeleinden van artikel 20 van Wet No. 40 van 1895.

Andere voorwaarden mogen op den koopdag genoemd worden.

De zegels die volgens Wet 20 van 1884, aan het huur kontrakt moeten gehecht worden, zullen vrij van onkosten door de Regeering aan den huurden verschaft worden.

A. H. CORNISH-BOWDEN,
Landmeter-Generaal.

(1) Either (*a*) his parents or guardians are domiciled in Cape Colony or in a Colony or State which makes an annual contribution to the funds of the University under the provisions of the 8th Section of Act 6 of 1896, or in accordance with the Regulations framed under the provisions of Act 9 of 1875; or (*b*) he has during the two years preceding the examination prosecuted his studies in Cape Colony or in such a contributing Colony or State.

(2) He is under twenty-two years of age on the first day of July preceding the examination.

(3) He has passed the Matriculation and the Intermediate Examinations of this University.

(4) He obtains Honours at the B.A. Examination and not less than 800 out of the total Honours marks, and not less than 60 per cent. of the marks in those papers of the Pass Examination which are reckoned in determining the Honours list; provided, however, that should the Scholarship Committee unanimously recommend in any year that, for reasons fully set forth in such recommendation, a lower standard should be accepted in any division, the Council may, by a vote supported by at least three-fourths of the members present, accept such lower standard.

(No holder of a Rhodes Scholarship shall be eligible for any scholarship at the disposal of the University Council.)

4. The Scholarships open for competition in each year will be awarded to such of the eligible candidates as, in the opinion of the Council, have graduated with the greatest distinction, the claims of all eligible candidates standing highest in their respective divisions to have first consideration.

5. A Scholarship tenable for three years, the annual value of which does not exceed £100, may be commuted to a Scholarship of equal aggregate amount tenable for two years, if the Council is satisfied that such commutation is desirable in the interest of the studies which the candidate proposes to pursue.

6. The holder of any Scholarship must, during the tenure of such Scholarship, pursue his studies under such conditions as the Council may approve; and must satisfy the Vice-Chancellor from time to time as required, in regard to his studies and continued compliance with the said conditions.

7. No Scholarship shall be tenable in South Africa for any portion of the period during which the Scholarship is valid unless the Scholar undertakes to pursue during such period a course of study which will be submitted to and approved by the Council, and which will ultimately lead to a Degree, or Professional Diploma of recognised standing, such degree or diploma not being confined to those which the University itself confers.

8. When any Scholarship exceeding in value £100 per annum is held for any period in South Africa, the total amount to be paid to the scholar during the tenure of his Scholarship in South Africa shall not exceed one-half of the total value of the Scholarship, and the rate of payment per annum shall not exceed the annual value of the Scholarship.

9. In all cases where Scholarships are held partly in South Africa and partly abroad no advance payment shall be made when the scholar proceeds abroad, in excess of the difference between the full accumulated rate of the Scholarship and the amount actually drawn.

10. A Standing Committee, to be called the "Scholarship Committee," consisting of the Vice-Chancellor, Pro Vice-Chancellor, three other members of the Council, and the Registrar, four to be a quorum, shall submit annually to the Council recommendations with reference to the distribution and award of the Scholarships available; and the decision of the Council on such recommendation shall be final.

1. The ordinary meetings of the Council shall be held on the third Friday in February, May and August, and on the first Friday in November, commencing at 10 a.m., and resuming, if necessary, on the following day at 10 a.m.

2. A special meeting may be called by the Vice-Chancellor, at his own instance, at any time; and he shall be bound to call such a meeting at the request, in writing, of any eight members of Council, the object of the meeting being stated in the requisition.

3. The first act of each meeting, after being constituted, shall be to read and confirm, by the signature of the Vice-Chancellor or Chairman, the minutes of the meeting immediately preceding. All objections to the form and manner in which the minutes have been taken must then be raised and decided, unless a member shall be allowed, by special permission, to give notice of further discussion at the next meeting.

4. All questions coming before the Council shall be decided by the majority of the votes of the members then present, except in those cases referred to in the section following. On every question the Vice-Chancellor or Chairman shall have a vote, and in the case of the votes being equal, the question shall be decided by the casting vote of the Vice-Chancellor or Chairman.

7. In the case of any question on which votes by proxy have been invited, no amendment of a substantial nature, which has not been placed on the notice inviting such votes shall be adopted, unless supported by a three-fourths majority of the members of Council present, such three-fourths being at least twelve in number.

8. Not less than twelve days before the day appointed for any meeting, the Registrar shall give notice by circular to each member of the Council of the subjects to be brought under consideration at the meeting either by notice previously given or by requisition to the Vice-Chancellor; and the opinion of members unable to attend personally, if given in writing, shall be laid before the meeting. But nothing in this rule shall prevent the Vice-Chancellor from calling a special meeting of the Council at three days' notice, to receive the Reports of the Examiners and to discuss and determine any matter which may arise out of such reports.

9. No questions affecting the subjects and conduct of any examination, or the appointment or dismissal of any officer or examiner, or changing any of the rules or bye-laws, shall be put to vote without due notice previously given, and no alteration shall be made in the general scheme of examinations for Certificates and Degrees, unless such alteration has been accepted by the Council after due notice at one meeting, and the decision confirmed at the meeting of the Council next ensuing.

10. 12. Notices of subjects for consideration shall be in writing. They may be given at any meeting, or they may be sent to the Registrar, or be embodied in a requisition to the Vice-Chancellor. In any case, notice must be lodged with the Registrar three days at least before that on which he is required to give notice of meeting.

13. Every motion shall be in writing, but shall not require to be seconded. No motion can be withdrawn except by permission of the Council.

15. In all cases which relate to the granting or withholding of any certificate, distinction or degree, the decision of the Council shall alone be recorded.

16. The ruling of the Vice-Chancellor or Chairman on any question of order or procedure shall be binding, unless immediately challenged by a member; in which case it shall be submitted at once to the Council, whose decision shall be final.

17. It shall be competent for the Council to adjourn any meeting to a future day, in order to complete the business then before the Council.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

[1514.] [1906.]

Colonial Secretary's Office,
Cape Town, 18th October, 1906.

THE following summary of the Report of the Government Labour Bureau for the month of September, 1906, is published for general information.

NOEL JANISCH,
Under Colonial Secretary.

REPORT FOR THE MONTH OF SEPTEMBER, 1906.

The direct demand through the Bureau was 95 as compared with 149 for the preceding month. A diminution in the demand for labour is generally found in the Winter Season, but so marked a decrease as the present is altogether unusual; the figures for the corresponding months in 1904 and 1905 being 164 and 163 respectively.

The number of men sent to definite work was 126, made up as follows:—Artizans, 30; clerks, salesmen, canvassers, etc., 4; labourers (European and coloured), 72; overseers, gangers, etc., 3; servants (indoor and outdoor), 15; warders, constables and attendants, 2; total 126. It will be observed that the proportion of artizans provided with employment is small in comparison with the whole: in fact only 23.8%. It may be again pointed out that there is constant demand for coloured farm hands in various districts of the Colony, at an average rate of 1/6 per diem with food and lodging; and any coloured men—who being physically fit—evince a genuine desire to undertake this work will be given every assistance by Government.

155 fresh applications were received during the month of which the following is an analysis:—

	European.		Coloured.	
	Class I.	Class II.	Class I.	Class II.

Unskilled labourers and handy-men	1	9	2	7
Totals ...	50	47	33	25
Grand Total ...		155		

226 applications were received during the preceding month.

Building Trades.—Only 4 to 5 buildings of any note are now under construction in the Cape Peninsula, and it is reliably stated that fewer artizans are engaged than has been the case during any period in the last 9 years. A notification of a general reduction of wages by 2d. per hour has been posted by the Master Builders' (Cape) Association, to take effect from the 30th November in the case of masons, and from the 16th October as regards plumbers, plasterers, bricklayers, carpenters and joiners.

Building Plans.—During the period 1st to 30th September 35 plans were under consideration by the City Council, of which 17 have been approved, 8 returned to the architects for amendment, 3 withdrawn and 7 remain under consideration. The approximate cost of the proposed work is £11,045 0s. 0d.

Green and Sea Point.—During the months of August and September, 14 plans were approved, including a church and 11 dwellings.

Woodstock.—12 plans were approved, the approximate cost of the work being £5,950.

Rondebosch.—Plans for 2 dwellings, 1 warehouse and 4 deviations, etc., were approved.

Claremont.—3 plans for alterations to existing buildings only were passed by the Municipal Engineer.

Tenders Called For.—*South African College:* Alterations, etc. City Council, Cape Town: The supply of 150,000 bricks.

Wynberg Council.—The construction of the remaining portion of the sewerage works and the supply of 2,000 casks of cement.

Public Works Department.—New gaol, Kenhardt.

Tenders Accepted.—*Public Works Department.*—Gaol Store, Mossel Bay (£3,309). Road at Great Brak River Station (£500). Road maintenance, Cedarville, A (£105), B (£270).

The Rondebosch Municipality have accepted tenders as under for the construction of roads, etc.: Klipfontein Road, £367 6s. 0d.; Thornhill Road, £780 0s. 0d.; Kromboom Road, £340 0s. 0d.; Dean Street Road, 1,391 13s. 2d.; Ednam Road £240 12s. 0d.

Works in Progress.—Surface drainage works are still in progress at Woodstock and Salt River, also the paving of the Dock Road and construction of a reservoir at the Kloof Nek. A total of about 320 men are employed in all.

Industries.—*Tanning*: Fairly busy. *Coach and wagon-building*: Inactive. *Baking*: Busy. *Biscuit-making*: Brisk. *Harness-making*: Unsatisfactory; a number of hands discharged. *Granite-dressing*: Fair, but a trade dispute of a minor nature has been in progress. *Joinery*: Very dull; one factory closed. *Sheet Metal-working*: Dull; but trade prospects are somewhat brighter. *Plumbing*: Dull. *Furniture manufacture*: Depressed. *Cardboard box-making*: Good. *Printing*: Not so satisfactory as in August; a number of hands having been discharged and other placed upon "half-time." *Tobacco manufacture*: A considerable number of cigarette-makers are unemployed.

Railway Works.—Employed on August 31st, 106; employed on 30th September, 28—decrease, 78.

On the 15th September, 63 men who had been employed on the Railway Works doubling the line near the Paarl, were discharged for unseemly conduct and drunkenness.

Men arriving from centres as under in a destitute condition were sent to the Relief Works: German S.W. Africa, 4; Simonstown, 3; Johannesburg, 3; Port Elizabeth, 1; Worcester, 2; Somerset West, 1—total, 14.

Vagrancy.—Convictions during August, 26; September, 30—increase, 4.

General Supply and Demand.

Aberdeen.—The building trade is fairly active.

Beaufort West.—Farmers complain that they are unable to obtain hands. 12 Europeans were supplied with road rations.

Britstown.—Farm hands are unobtainable.

Cradock.—A number of clerks and salesmen are seeking engagements.

East London.—The building and engineering trades show a slight improvement, but there is no demand for workmen which cannot be supplied locally. 20 building plans were passed by the Council, the cost of the proposed work being about £12,245. The following are the principal works in progress: New quadrangle, Town Hall; Messrs. Cooper & Logan's premises; Rhodes Hotel; Drill Hall; Buffalo Bridge; West Bank Jetties, and the extension of the line to Cambridge. The retail trades are very dull.

Fort Beaufort.—A large number of natives have left for work in the Transvaal Mines.

Hopetown.—The building and retail trades are dull.

Kimberley.—A slight increase is reported in the number of unemployed Europeans.

King William's Town.—There is a decrease in the number of unemployed.

Mossel Bay.—The building and retail trades are fair.

Peddie.—An increasing number of natives now leave in search of work elsewhere.

Port Elizabeth.—The supply of labour is still considerably in excess of the demand in all branches of trade, and there is a tendency towards the reduction of wages. Only six buildings of any note are under construction, about 120 men being employed including coloured labourers. Work in connection with the new waterworks scheme has been commenced. As regards industries, candle-makers report a slight improvement, but in other branches of trade no change is reported since August. No cases of destitution were brought to light neither were there any prosecutions for vagrancy.

Prince Albert.—Municipal and Railway Works have absorbed a large number of men.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

Tulbagh.—The retail trade is improving.

Uniondale.—Labourers for the farms and railway construction are in demand.

The districts generally do not need special comment, as the supply is reported to be equal to the demand. The reports indicate that in the undermentioned centres the supply exceeds the demand.

BUILDING TRADES.—Aliwal North, Cape, East London, Middelburg, Oudtshoorn, Port Elizabeth, Stockenstrom.

ENGINEERING TRADES.—Aliwal North, Cape, East London, Port Elizabeth.

FACTORIES.—Aliwal North, Cape, East London, Port Elizabeth.

FARMING.—Aliwal North, King William's Town, Knysna, Steynsburg, Stockenstrom.

RETAIL TRADE.—Aliwal North, Cape, East London, Port Elizabeth.

UNSKILLED LABOURERS.—Alexandria, Aliwal North, Cape, George, Herschel, East London, King William's Town, Knysna, Middelburg, Port Elizabeth, Steynsburg, Stockenstrom.

The only specific demand is for native herds and farm hands at Britstown, Calvinia, Clanwilliam, Fraserburg, Hopetown, Namaqualand, Prince Albert, Sutherland, Uniondale, Van Rhynsdorp and Vryburg, and for unskilled labourers at Beaufort West, Clanwilliam, Hopetown, Namaqualand, Prince Albert, Uniondale.

There has been an improvement in demand for labour as follows:—*Buildings Trades*: East London, Malmesbury, Mossel Bay. *Engineering Trades*: East London. *Farming*: Mossel Bay, Queenstown, Victoria West. *Retail Trade*: Tulbagh.

On the other hand the reports indicate a falling off in the demand for artisans at Calvinia, Tulbagh and Victoria West.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

[1290.] [1906.]

Colonial Secretary's Office,
Cape Town, 6th October, 1906.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the subjoined Regulations framed by the Municipal Council of Caledon, under the provisions of Act No. 45 of 1882, Act No. 20 of 1896 and Act No. 23 of 1897.

NOEL JANISCH,
Under Colonial Secretary.

CALEDON MUNICIPAL REGULATIONS.

1. All regulations heretofore in force within the Municipality of Caledon are hereby repealed, but such repeal shall not affect things done, offences committed, penalties incurred or proceedings commenced or pending under or by virtue of, or against any of the said repealed regulations or bye-laws.

2. The words "Council" and "Local Authority," where they occur in any of the regulations following shall mean the Council of the Municipality of Caledon.

3. Immediately after electing the Mayor, the Council shall proceed to elect (by ballot if demanded) the members of such standing or special committees as may be required for carrying on the business of the Municipality, and every such committee shall consist of two or more members as the Council may from time to time determine upon, and no Councillor, duly elected, shall be at liberty to decline to act as such except on the ground of his having been elected member of any other standing committee, and the Mayor shall be *ex-officio* a member of all committees. Should any vacancy occur in any committee it shall be filled at the next following ordinary meeting of the Council.

4. The Council may adjourn any meeting until such day and hour as the Council shall think fit; provided that the period of adjournment is sufficient to admit of the delivery by post or otherwise, at least 24 hours before or previous to the meeting being held, of a notice to each Councillor specifying the day and hour of such adjournment.

5. Notice of the first ordinary meeting of the Council under these rules shall be posted and otherwise delivered to every Councillor at his usual address not later than one clear day before the meeting, but no further notice shall be given as long as the day and hour upon which such meetings are held remain unaltered.

6. Any Councillor shall be entitled to take the Chairman's decision on a point of order during a meeting, and such decision shall be based upon these rules, and the Chairman's ruling thereon shall be final.

7. Every motion and amendment made and duly seconded shall be read aloud by the Chairman or Municipal Clerk before discussion thereon commences, and no motion or amendment after being so read shall be withdrawn without the consent of the meeting.

8. Any amendment may be moved to any motion or question before the Chair, and if the same be duly seconded shall be put to the vote in the following order:—The amendment last proposed shall be put to the vote, and if the same is carried the question shall be carried accordingly. If the amendment last proposed is negatived the amendment proposed immediately prior to the last amendment shall be put to the vote and disposed of. All other amendments shall be put to the vote in rotation in a similar manner. If all the amendments be negatived, the original shall then be put to the vote. No further amendment shall be moved to any motion or amendment before the Chair after the Chairman has commenced to take the vote upon the question.

9. In the event of any Councillor obstructing the business at a meeting of the Council or refusing to obey the ruling of the Chairman on any point of order or declining to withdraw any expression which the Chairman may be of opinion should be withdrawn, such Councillor shall be named by the Chairman whereupon any two of the Councillors may move and second the motion: "That the Councillor named by the Chairman be suspended until the conclusion of the business of the next ordinary meeting of the Council," and such motion shall be put to the vote without discussion, and if adopted by a majority of not less than two-thirds of the Councillors present and voting, such Councillor shall be suspended accordingly, and shall not take part in any further proceedings of the Council until the expiration of the period covered by the motion.

10. The motion "That the Council do now sit in committee" may be moved and seconded at any time (after the confirmation of the minutes if it be an ordinary meeting) during the sitting of the Council, and shall be put to the vote immediately upon being seconded without discussion. If the motion be carried, the place of meeting shall be cleared of all persons other than Councillors and officers except with the special sanction of the Council.

11. Whenever the Council is sitting in committee of the whole Council, the Chairman of the meeting at which the Council resolved to sit in committee shall be the chairman of the whole Council, and the rules requiring that the Councillors shall address the Chair standing, and shall only speak once shall not apply.

12. When the question for the consideration of which the Council had resolved to sit in committee has been discussed, and a resolution thereon adopted, such resolution shall be reported to the Council when not in Committee; and the Council shall resume and proceed with the remainder of the business as if the Council had not been sitting in committee.

13. If, however, during the course of discussion in committee any Councillor shall consider it necessary and expedient to sit in committee either because the subject has been sufficiently discussed without the committee having come to any decision thereon, or for the purpose of proceeding under the complete rules of order, it shall be competent for such Councillor to move "That the Council do now resume," and the motion having been seconded the Chairman shall without allowing any discussion thereon forthwith put the question to the vote, and the Council shall continue in committee or resume as the majority of the Councillors present and voting shall decide. If the Council resume without finally disposing of the question in committee, the debate shall be resumed at the stage at which the Council resolved to sit in committee.

14. A resolution of the Council which has been carried by votes of less than four Councillors shall not be acted upon in the event of a Councillor during the meeting of the Council at which such resolution was carried, giving notice of his intention to bring the resolution under review at the next meeting for the purpose of rescinding or amending the same.

15. All ordinary meetings of the standing committees shall be held upon such days and hours as may from time to time be appointed.

16. Notice of every ordinary meeting of a standing committee shall be posted up or otherwise delivered to every member at his usual address not later than one clear day before the meeting, notice shall state the place and time of meeting and the business to be considered thereat.

17. All questions and proceedings at meetings of committees shall be governed and regulated by the rules governing and regulating the proceedings of the Council in so far as they are applicable.

18. All committees shall submit to the Council at ordinary meetings and at special meetings when necessary, and when stated in the agenda of such meetings, a report of their acts and proceedings in carrying into effect the purposes of their appointment, with the exception of such matters or things as the Council may have authorised any committee to manage, regulate or conclude without any further reference to the Council. All sub-committees shall report to the committees by which they are appointed.

19. Any member of a committee who fails to attend the meetings of such committees for three consecutive meetings, unless leave of absence has been previously granted by the Council, shall cease to be a member thereof, and upon such non-attendance being reported to the Council by the committee the Councillor may then and there proceed to the election of a Councillor to fill the vacancy.

20. No Councillor shall be accepted as surety for any officer or contractor appointed or employed by the Council.

21. The Municipal Office shall be open daily for the transaction of business, Sundays and public holidays excluded, during such hours as the Council may from time to time determine, and at such hours, either by day or by night, as in cases of urgency the Mayor may think necessary; and no officer in the service of the Council shall be engaged either directly or indirectly in any other business, trade or profession than the business of the Council save with the express sanction of the Council.

22. The Municipal Clerk and all officers of the Council shall each upon entering upon their duties pass bonds to be approved of by the Council, and for such amounts as they consider sufficient as surety for the due discharge of the duties of their several offices.

23. No Councillor, except the Mayor, or in his absence the acting Mayor shall give orders to any officer of the Council provided, however, that the Chairman of the committees may give instructions on matters relating thereto to the Municipal Clerk.

24. The Municipal Clerk shall receive in the Office of the Municipality all such accounts, reports, statements, complaints, informations, applications made in writing,

and any legal enactments which are to be forwarded or made to the Council, and shall forthwith make due entries thereof in books to be kept for that purpose and shall submit the same to the Council at their next ensuing ordinary meeting.

25. The Municipal Clerk shall receive all moneys from whatever source derived, and grant receipts, and shall daily pay all such amounts as may exceed the sum of £5 into such bank as the Council shall from time to time direct, and take receipts for the same, and shall make all payments on behalf of the Council and take receipts for the same, provided that no payments exceeding the sum of £1 shall be made otherwise than by cheque, and that every cheque shall be countersigned by one Councillor.

Grazing.

26. Every person within the Municipality whose trade shall necessitate the keeping of any number of livestock shall apply annually to the Council for a licence to depasture same on the Town Commonage. The number of livestock for which a licence shall be granted, and the rate chargeable in respect thereof to be such as the Council shall from time to time determine and publicly notify.

27. Every resident householder, except as hereinafter provided, shall have the right to depasture on the Municipal Commonage, the following number and description of animals (being *bona-fide* his property) or being in his *bona-fide* possession for his own use and benefit), in proportion to the Municipal value of the respective properties owned or occupied by such householders, provided that no person shall in his or her own name or right be entitled to depasture more animals than the number limited by this regulation based on the aggregate value of the property owned or occupied by him as hereinafter set forth. Persons owning fixed property of the value of £150 and not exceeding £400, 6 horses, mules, asses, or cattle and 6 sheep or goats; exceeding £400 and not exceeding £800, 10 horses, asses, mules or cattle and 8 sheep or goats; £800 and upwards, 12 horses, asses, mules or cattle and 12 sheep or goats; exclusive of foals and calves under one year old. With the special proviso, however, that should the owner of any property within the Municipality let such property on hire, then and in such event only such lessee shall have the right or benefit of these grazing rights and no other person or owner during the subsistence of such lease.

28. The Council shall in its discretion have the right to issue licences for a greater number of livestock than is allowed by this regulation upon payment of 1/6 per month or part of a month for every head of cattle, horse or mule above the prescribed number, such fees being payable strictly in advance.

29. All grazing licences shall be taken out on or before the 31st January in each year, and any person becoming a resident householder after that date shall apply for a grazing licence within 14 days of taking up his residence as aforesaid.

30. Any resident owner or occupier of part of an erf not separately valued shall apply in writing to the Council to have a valuation placed thereon, and shall be allowed to depasture such number of livestock as said valuation may permit.

31. The Council shall have the right whenever they have reason to believe that any resident householder or butcher is grazing more livestock than the number to which their licence entitles them, to cause such livestock to be counted on the commonage or, if necessary, to remove or cause them to be removed to a convenient kraal or other fit place, for the purpose of having such livestock counted, and if the owner of such livestock shall obstruct the counting of the same he shall be liable to a penalty not exceeding £2 sterling.

32. Any person attending the Public Market for the purpose of disposing of his produce, or travelling or passing the town, or halting on any part of the Commonage, and any cattle or sheep trader passing the town with his drove of cattle or sheep, or who intends to sell the same by public auction, and any person attending divine service or the courts of law, shall be exempt from the above regulation, provided always that no sheep or goats, cattle or horses belonging to or being in charge of any such person, shall be allowed to graze upon any portions of the commonage except such as have been set apart for and are then being used by resident householders, and that no such person shall remain on any part of the commonage with his drove of cattle, sheep or goats for a longer time than 24 hours, without the consent of the Council first had and obtained, and upon payment to the Council of the sum of 3d. per 24 hours for every horned cattle, etc., and 2/6 per 100 or fraction thereof of sheep and goats, and in the event of such consent not having been obtained the Council shall have the right to impound such cattle.

33. The Council may from time to time issue directions, to be publicly notified, for the grazing of horses, mules and cattle on the Municipal Commonage upon separate portions thereof and entirely distinct from those portions to be allotted for the grazing of sheep or goats; and point out to householders what portion of the said commonage shall be set apart for winter and summer ground respectively, and declare the whole of the grazing grounds or a portion thereof to be closed for grazing purposes during the night time, and any person not conforming to any such direction shall be liable to a penalty not exceeding £2 sterling, besides which his cattle, horses, mules, etc., may be impounded and detained until both the fine and pound fees are paid.

34. No stallion, mule stallion, or jackass above two years old, bull above one year old, shall be allowed to graze on any of the pasture lands or be at large at any other place within the Municipality not being the property or in the occupation of the proprietor of such animals, and any such animal so found grazing or at large may be lawfully impounded by any resident ratepayer or officer of the Council, and the proprietor shall forfeit a sum of not exceeding £5 sterling, and such animal shall not be released until the fine and all pound charges are paid.

35. Every omnibus, hackney carriage, cab or other vehicle for the conveyance of passengers, plying for hire within the Municipality, before being employed must be duly registered at the Municipal Office, and the proprietor shall annually pay licence fees as follows: For every omnibus or similar vehicle the sum of £1 5s. sterling; for every four-wheeled cab, Cape cart or like vehicle, the sum of 15/-; for every two-wheeled cab, Cape cart or like vehicle, the sum of 10/- sterling. Any person employing any vehicle without the licence hereby required shall be liable to a penalty not exceeding £2 sterling for each offence.

36. All vehicles described in the foregoing section must have the registered number, together with the number of passengers each is allowed to carry, affixed to some conspicuous part of the outside of the said vehicle and in legible characters; the number to be in black on a white ground in figures of not less than 3 inches in height.

37. The fares chargeable for vehicles plying for hire between the Railway Station and the village shall be: For each adult, not more than 1/-; for each child under 12 years old, 6d.

38. Every registered vehicle shall be exhibited for inspection at the Municipal Office at least once every four months by the owner thereof, and the fact of such inspection shall be endorsed on the licence thereof by the Secretary.
